

The Odyssey

By Homer - Translated by Robert Fagles

ISBN: 978-0147712554

The Fourteen Ideas

Beauty	Courage
Equity	Freedom
Goodness	Grace
Immortality	Hope
Justice	Truth
Virtue	Wisdom
Glory & Honor	Change

In his historic work, *The Great Ideas*, Mortimer Adler discusses the importance of relating themes of literature to the great ideas and philosophies of Western culture. In order for a reader to comprehend cultural progression and the progression of history, the reader must understand the great ideas behind the stories of literature as well as the motivation for events of history. By supplying a reader with a universal idea such as beauty, truth, or goodness, the writer of a study guide facilitates the reader's understanding of the author's purpose in writing.

In Creation God's declaration of "It is good" is more than a conclusion for His completion of the work of the day. This declaration educates man in the terms of goodness and completion. Man, with this plumb line in mind, was expected to judge his own creations by the judgment God pronounced on His own creation. For a man to declare his own work to be good, it must follow the criterion and standards of the Creator in the beginning. Likewise, the reader is asked to find the plumb line standards by each author in each work that is read.

One advantage of a Great Books reading program is to train the mind of the reader to conform not only to the mind of the writer, but also to the mind of God by comparing the Great Ideas and themes of western literature to the Great Ideas and themes of the Creator of the Universe and Author of the Bible.

For the sake of brevity, we have selected 14 ideas on which to focus our study.

Y1Q3-0011 (rev. 1215)

About the Book

The Odyssey is the second of Homer's famous epic poems and, like *The Iliad*, is a classic of western literature. In the Greek, "Odusseia" simply means "the story of Odysseus. Within it we are presented with the twists and turns of Odysseus' journey as he struggles to reach his homeland after the Trojan War. Many familiar elements can be found in Odysseus' adventures. Nearly everyone is familiar on some level with his adventures with the Cyclops and the difficult choice made between the Clashing Rocks and the cliffs where Scylla lurked (the literal rock and a hard place). After ten years of trials such as these and after losing all of his men to one threat or another, Odysseus finally makes it home, only to find that he now

faces his greatest threat of all. A pack of suitors, bent on marrying his wife and taking over his throne, has amassed itself within his walls, also plotting the death of his only son.

The Odyssey assumes the audience's knowledge of the Greeks ten-year battle with Troy over the return of Helen to her husband, Menelaus. In addition, it also assumes the audience's knowledge of a few other events that took place after *The Iliad* left off, such as the death of Achilles. These events would have been familiar to ancient audiences, but have mostly been lost to us, except in pieces and summaries. Brief descriptions of these "lost" epics that are pertinent to the story can be found in the side notes for each week.

Odyssey Study Guide Robert Fagles

Jasper Griffin

Odyssey Study Guide Robert Fagles:

Eventually, you will categorically discover a other experience and completion by spending more cash. still when? do you understand that you require to acquire those all needs in imitation of having significantly cash? Why dont you try to get something basic in the beginning?
