Readers and reviewers hailed the First Edition of this book as the most fascinating book of the 20th century. It sparked a subtle revolution in the way we deal with death in general and Death the entity. It brought us up close and personal with the melancholy spectre commonly known as the Grim Reaper. The book's aim is to bring humanity to a greater understanding of His purpose here and hereafter. Through the Angel of Death's own words and the writings of His incarnate soul mate, this awesome spirit reveals to all His true nature and purpose. A haunting autobiography of the Angel of Death, this revelatory testament is both mighty in sorrow and joy. Azrael is an eerie herald who has come to enchant the world with a divine danse macabre. For the ultimate tale of Love and Death is indeed a True Story.

Screen Adaptations and the Politics of Childhood Robyn McCallum, 2018-01-16 This book features a cutting-edge approach to the study of film adaptations of literature for children and young people and the narratives about childhood. Those adaptations enact. Historically, film media has always had a partiality for the adaptation of classic literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth and indeed are a rich resource for the examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres from classic texts to experimental, carnivalesque, magical realist and cross-cultural texts.
