Race To Tibet

Christopher Hale

Race To Tibet:

Tibet Lezlee Brown Halper, Stefan A. Halper, 2014 The mythologizing of Tibet in the West and the Himalayan state's subsequent abandonment to China are recounted in this briskly paced and revealing new history **Tibet** Louise Connolly, 1921 *Himmler's Crusade* Christopher Hale, 2003 In 1938 on the eve of war a Nazi expedition set out through British India on a mission sponsored by Himmler himself Their aim was to find the roots of the Aryan people high in the sacred mountains of Tibet It was led by two complex individuals one Ernst Schafer a swashbuckling naturalist who was using the Nazis to pursue his own ends the other Bruno Beger so committed to the cause he ended up conducting experiments on prisoners in Auschwitz The expedition quickly found itself battling hostility from the British being manipulated by the Tibetans and struggling with the primitive conditions of Lhasa Every step was recorded in diaries letters and reports back to Delhi and London by the suspicious British and to Berlin by the Germans It was also documented in masses of extraordinary photographs many of which are reproduced here **The Politics of Language Oppression in Tibet** Gerald

Roche, 2024-11-15 In *The Politics of Language Oppression in Tibet* Gerald Roche sheds light on a global crisis of linguistic diversity that will see at least half of the world's languages disappear this century Roche explores the erosion of linguistic diversity through a study of a community on the northeastern Tibetan Plateau in the People's Republic of China Manegacha is but one of the sixty minority languages in Tibet and is spoken by about 8 000 people who are otherwise mostly indistinguishable from the Tibetan communities surrounding them Recently many in these communities have switched to speaking Tibetan and Manegacha faces an uncertain future The author uses the Manegacha case to show how linguistic diversity across Tibet is collapsing under assimilatory state policies He looks at how global advocacy networks inadequately acknowledge this issue highlighting the complex politics of language in an inter connected world *The Politics of Language Oppression in Tibet* broadens our understanding of Tibet and China the crisis of global linguistic diversity and the radical changes needed to address this crisis **The Great and Small Game of India, Burma, & Tibet** Richard Lydekker, 1900
