Radiance Of Tomorrow A Novel:

Radiance of Tomorrow Ishmael Beah, 2014-01-07 In the aftermath of the war in Sierra Leone a village comes together to regain the beauty of life as it was in the past

African Migration and the Novel Jack Taylor, 2024 Explores pressing social and political issues such as racial identity environmental devastation human trafficking and political violence through the lens of novels of African migration The book details how authors such as Chika Unigwe Chris Abani Dinaw Mengestu In Koli Jean Bofane Boubacar Boris Diop and others develop the migratory imagination the creative means mobilized within their novels to expose the reader to contemporary social issues Drawing on and synthesizing a multitude of theoretical frameworks including ecocriticism postcolonial theory genre studies Black studies paratextual reading and political economy the book argues for the flexibility of the migration novel as a genre

Sierra Leone Katrina Manson, James Knight, 2025-08-08 Thoroughly updated by a resident journalist this new fourth edition of Bradt's Sierra Leone remains the only English language guide dedicated to this unique West African destination one of just three countries where the elusive pygmy hippo can be found One of Africa's last hidden gems where coastal mountains and secluded beaches are the stuff of daydreams Sierra Leone lives up to its nickname of Sweet Salone This welcoming country offers much natural beauty and culture yet remains unsullied by mass tourism In many places local people are happily surprised each time they get visitors and strive to make your stay the best possible The country continues to be one of West Africa's best beach destinations and trekking zones the latter thanks to varied topography and the presence of Mount Bintumani the region's highest peak Then there's Ma Dengn a new beach music festival sanctuaries for rescued chimpanzees tours of traditional wooden board homes of the Krio people descendants of repatriated slaves and the significance of the UNESCO site of Bunce Island a former slave trading fort as a destination for heritage tourism You can also visit the infamous diamond mines and rainforest covered mountains search some of the burgeoning ecotourist sites for those pygmy hippos explore the transboundary peace park of Gola Forest to track down the cave dwelling *Pithecanthropus* birds or simply relax on beach blessed islands The country has seen a heartening recovery since emerging from civil war and the subsequent Ebola outbreak Following the COVID pandemic there has been considerable investment in the tourism sector which has resulted in a surge of new tour operators and hotels alongside improved roads connecting key towns all of which is reflected in this fourth edition Although the country's devastating past still informs many aspects of daily life Sierra Leone is proudly back on the tourism map for the discerning adventurous beach loving jungle exploring mountain scaling traveller volunteer or international worker and all those curious of heart Offering significantly more coverage than any other guide Bradt's Sierra Leone is the ideal travel companion to this up and coming African destination

Runaway Genres Yogita Goyal, 2019-10-29 Winner 2021 Ren Wellek Prize given by the American Comparative Literature Association Winner 2021 Barbara Perkins and George Perkins Award given by the International Society for the Study of Narrative Honorable Mention 2020 James Russell

Lowell Prize given by the Modern Language Association Argues that the slave narrative is a new world literary genre In Runaway Genres Yogita Goyal tracks the emergence of slavery as the defining template through which current forms of human rights abuses are understood The post black satire of Paul Beatty and Mat Johnson modern slave narratives from Sudan to Sierra Leone and the new Afropolitan diaspora of writers like Teju Cole and Chimamanda Ngozi Adichie all are woven into Goyal's argument for the slave narrative as a new world literary genre exploring the full complexity of this new ethical globalism From the humanitarian spectacles of Kony 2012 and BringBackOurGirls through gothic literature Runaway Genres unravels for instance how and why the African child soldier has now appeared as the afterlife of the Atlantic slave Goyal argues that in order to fathom forms of freedom and bondage today from unlawful detention to sex trafficking to the refugee crisis to genocide we must turn to contemporary literature which reveals how the literary forms used to tell these stories derive from the antebellum genre of the slave narrative Exploring the ethics and aesthetics of globalism the book presents alternative conceptions of human rights showing that the revival and proliferation of slave narratives offers not just an occasion to revisit the Atlantic past but also for re narrating the global present In reassessing these legacies and their ongoing relation to race and the human Runaway Genres creates a new map with which to navigate contemporary black diaspora literature

Children in Prison Jerome Gold,2019-07-02 Almost 330 000 children in America are in prison in a detention center on probation or parole or otherwise under the control of the criminal justice system In a time of nascent prison reform these children are often left out of the conversation This book chronicles the experiences of six young people in Ash Meadow in Washington State Written from the perspective of a prison rehabilitation counselor this book provides a firsthand account of these children's lives during and after their stay These accounts show how domestic violence inequality and poor adult modeling influence the decisions that children make later in life

The Metadata Handbook, 2nd Ed. Renée Register,Thad McIlroy,2015-03-14

Victims and Victimhood Trudy Govier,2015-01-01 Who is a victim Considerations of innocence typically figure in our notions of victimhood as do judgments about causation responsibility and harm Those identified as victims are sometimes silenced or blamed for their misfortune responses that are typically mistaken and often damaging However other problems arise when we defer too much to victims being reluctant to criticize their judgments or testimony Reaching a sensitive and yet critical stand on victims credibility is a difficult matter In this book Trudy Govier carefully examines the concept of victimhood and considers the practical implications of the various attitudes with which we may respond to victims These issues are explored with reference to a range of complex examples including child victims of institutional abuse and the famed Rigoberta Mench controversy Further topics include the authority of personal experience restorative justice restitution forgiveness and closure

Vulnerability and Security in Human Rights Literature and

Visual Culture Alexandra Schultheis Moore, 2015-10-23 This book responds to the failures of human rights the way its institutions and norms reproduce geopolitical imbalances and social exclusions through an analysis of how literary and visual culture can make visible human rights claims that are foreclosed in official discourses Moore draws on theories of vulnerability precarity and dispossession to argue for the necessity of recognizing the embodied and material contexts of human rights subjects At the same time she demonstrates how these theories run the risk of reproducing the structural imbalances that lie at the core of critiques of human rights Pairing conventional human rights genres legal instruments human rights reports reportage and humanitarian campaigns with literary and visual culture Moore develops a transnational feminist reading praxis of five sites of rights and their violation over the past fifty years UN human rights instruments and child soldiers in Nigerian literature human rights reporting and novels that address state sponsored ethnocide in Zimbabwe the international humanitarian campaigns and disaster capitalism in fiction of Bhopal India the work of M decins Sans Frontières in the Sahel Afghanistan Democratic Republic of Congo and Burma as represented in various media campaigns and in photo graphic narratives and finally the human rights campaigns fiction and film that have brought Indonesia's history of anti leftist violence into contemporary public debate These case studies underscore how human rights norms are always subject to conditions of imaginative representation and how literature and visual culture participate in that cultural imaginary Expanding feminist theories of embodied and imposed vulnerability Moore demonstrates the importance of situating human rights violations not only in the context of neo liberal development policies but also in relation to the growth of security networks that serve the nation state often at the expense of the security of specific subjects and populations In place of conventional victims and agents the intersection of vulnerability and human rights opens up readings of human rights claims and suffering that are at once embodied and shareable yet which run the risk of cooptation by security rhetoric
