indoor VHF/UHF/HDTV antenna with RF remote control

Thank you for purchasing the Indoor VHF/UHF/HDTV Antenna with RF remote control from RadioShack. Your antenna is perfect for improving TV reception. You can retrieve stored channel position with the RF remote control by simply recalling one of the channel memories. Your antenna will automatically move to the direction you programmed for best reception.

Channel numbers shown on antenna only refer to a preset gain & UHF direction -- they do not actually tune the antenna. The channel presets can only be changed using the remote; but if you have lost the remote you can still use the antenna.

what's included

indoor VHF/UHF/HDTV antenna
remote control
75 Ohm coaxial cable with gold plated connectors
power adapter
1 button-cell battery
user's guide

other features

Microprocessor-Controlled Antenna Rotating Control – Allows you to rotate the antenna in 12 distinct positions only in a few seconds, either clockwise or counterclockwise for best UHF reception.

100 Channel Memories - Allows you to select up to 100 channels (0-99) and the corresponding antenna position stored for that channel.

Built-in Amplifier Gain Control – Allows you to amplify weak signal.

installing batteries

Your remote control is powered with a button-cell battery (included), to install the battery:

1. Press and push open the battery compartment cover.
2. Insert the CR2032 battery with positive polarity (+) facing up into the remote control then replace the cover.

All units use the same Radio Frequency remote; so using two in the same house is a problem.

battery notes

- *Keep button-cell away from small children. If swallowed, promptly see a doctor. Have the doctor call 202-625-3333 collect.*
- *Do not open the battery; or dispose of it in a fire; or recharge; or insert backwards. It may explode or leak, causing personal injury.*
- *Use only fresh batteries of the required size and recommended type.*
- *If you do not plan to use your remote control for a week or more, remove the batteries. Batteries can leak chemicals that can damage electronic parts.*
