New Headway: Elementary Fourth Edition: Teacher's Book + Teacher's Resource Disc Liz Soars, 2011-04-28

New Headway Liz Soars, John Soars, 1996 New Headway English Course takes the successful Headway series into an exciting new era. It introduces new features to challenge adult and young adult intermediate students and ensure that learning English is interesting and motivating. The course combines the best of traditional methods with more recent approaches to help students use English both accurately and fluently. This new intermediate course provides approximately 120 hours of language learning. It fits neatly between Headway Pre-Intermediate and Headway Upper-Intermediate and together with Headway Elementary and Headway Advanced provides a comprehensive language teaching series for today's classrooms

The Multilingual Turn Stephen May, 2013-07-24 Drawing on the latest developments in bilingual and multilingual research, *The Multilingual Turn* offers a critique of and alternative to still dominant monolingual theories, pedagogies and practices in SLA, TESOL and bilingual education. Critics of the monolingual bias argue that notions such as the idealized native speaker and related concepts of interlanguage, language competence and fossilization have framed these fields inextricably in relation to monolingual speaker norms. In contrast, these critics advocate an approach that emphasizes the multiple competencies of bi-multilingual learners as the basis for successful language teaching and learning. This volume takes a big step forward in re-situating the issue of multilingualism more centrally in applied linguistics and in so doing making more permeable its key sub-disciplinary boundaries, particularly those between SLA, TESOL and bilingual education. It addresses this issue head-on, bringing together key international scholars in SLA, TESOL and bilingual education to explore from cutting-edge interdisciplinary perspectives what a more critical multilingual perspective might mean for theory, pedagogy and practice in each of these fields.
