

What should students know about speculative/text-based writing prompts?

- Speculative writing tasks will present students with a briefly described situation to which they are asked to respond with a narrative. The given situation will provide students with information that may be used as a springboard for a student to write a story, actual or fictional. This text-based speculative prompt may be thought of as a variation of the speculative/picture prompt. Both speculative writing tasks require that students use their imagination to speculate about something.
- Students will be given information from the given situation to make decisions, solve a problem, and create original work.
- Each student is given 2 blank planning pages, and 4 lined pages. Only the lined pages are scored. (Students may use as many of the lined pages as needed to respond to the prompt.)
