Nobody's Home Dubravka Ugrešić, 2008 In her long career Ugresic has published several novels e g The Ministry of Pain but she made her name with her essay collections which have caused controversy and earned her the admiration of writers and critics abroad In these latest musings written over the course of several years Ugresic leaves no stone unturned and no thought contained doing what she does best writing about the human condition through her own experience Refusing to establish a central theme she touches upon a wide range of topics the paradox of multiculturalism metaphors as our defense against nightmares the eerie similarities between capitalism and communism and ways in which we try to rise hopelessly above our less than perfect existence Along the way she pays homage to the works of literature that have influenced her own creative process in an effort to pay a symbolic literary tax on narcissism because writing is not the humblest of vocations Perhaps not but Ugresic certainly knows how to balance being a critic with being criticized

Nobody's Law Marc Hertogh, 2018-06-14 Nobody's Law shows how people who are disappointed disenchanted and outraged about the justice system gradually move away from law Using detailed case studies and combining different theoretical perspectives this book explores the legal consciousness of ordinary people businessmen and street level

bureaucrats in the Netherlands The empirical research in this study tells an original and alternative narrative about the role of law in everyday life While previous studies emphasize the law's hegemony and argue that it's all over Hertogh shows that legal proliferation makes it harder for people to know and subsequently identify with the law As a result official law has become increasingly remote and irrelevant to many people The central finding presented in this highly topical text is that these developments signal a process of legal alienation a gradual and mundane process with potentially serious consequences for the legitimacy of law A timely and original study this book will be of particular interest to scholars in the fields of law and society socio legal studies and legal theory

Nobody's Nation Paul Breslin, 2009-02-15 Nobody's Nation offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re imagine West Indian society since its emergence from colonial rule its ill fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott's work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works Nobody's Nation will take its place as the definitive study of the poet

Story of a Nobody Anton Chekhov, 2014-05-28 Set in 1928 but written four years earlier during Stalin's rise to power The Fatal Eggs is both an early piece of science fiction reminiscent of H G Wells and a biting brilliant satire of the consequences of the abuse of power and knowledge Professor Persikov an eccentric zoologist stumbles upon a new light ray that accelerates growth and reproduction rates in living organisms In the wake of a plague that has decimated the country's poultry stocks Persikov's discovery is exploited as a means to correct the problem As foreign agents the state and the Soviet media all seize upon the red ray matters get out of hand

The Book Nobody Read Owen Gingerich, 2009-05-26 After three decades of investigation and after traveling hundreds of thousands of miles across the globe from Melbourne to Moscow Boston to Beijing Gingerich has written an utterly original book built on his experience and the remarkable insights gleaned from examining some 600 copies of *De revolutionibus* He found the books owned and annotated by Galileo Kepler and many other lesser known astronomers whom he brings back to life which illuminate the long reluctant process of accepting the Sun centered cosmos and highlight the historic tensions between science and the Catholic Church He traced the ownership of individual copies through the hands of saints heretics scalawags and bibliomaniacs He was called as the expert witness in the theft of one copy witnessed the dramatic auction of another and proves conclusively that *De revolutionibus* was as inspirational as it was revolutionary Part biography of a book part scientific exploration part bibliographic detective story The Book Nobody Read recolors the

history of cosmology and offers new appreciation of the enduring power of an extraordinary book and its ideas **When Nobody's Looking** Louise Tondreau-Levert, 2005 When their exhausted parents are not looking the children get into trouble by playing tricks having a pillow fight and misplacing the dog *Nobody's Looking at You* Janet Malcolm, 2024-09-04

Previously uncollected essays profiles and literary criticism by a vital voice in American nonfiction an intensely original thinker The San Francisco Chronicle A New York Times Book Review Editors Choice and an NPR Staff Pick Janet Malcolm's previous collection *Forty One False Starts* was unmistakably the work of a master The New York Times Book Review *Nobody's Looking at You* again brings together previously uncompiled pieces mainly from the New Yorker and the New York Review of Books The title piece of this wonderfully eclectic collection is a profile of the fashion designer Eileen Fisher whose mother often said to her Nobody's looking at you But in every piece in this volume Malcolm looks closely and with impunity at a broad range of subjects from Donald Trump's TV nemesis Rachel Maddow to the stiletto heel wearing pianist Yuju Wang to the big league game of Supreme Court confirmation hearings In an essay called Socks the Pevears are seen as the sort of asteroid that has hit the safe world of Russian Literature in English translation and in *Dreams and Anna Karenina* the focus is Tolstoy one of literature's greatest masters of manipulative techniques *Nobody's Looking at You* concludes with Pandora's Click a brief cautionary piece about e mail etiquette that was written in the early two thousands and that reverberates albeit painfully to this day Every word is a pleasure to read The Star Tribune Her calm brilliant essays are the perfect tonic for our troubled times Associated Press Malcolm's profiles of noted personalities are peerless when it comes to unraveling what makes people tick The Seattle Times Outstanding With no weak selections and several strikingly prescient ones this collection shows its author as a master of narrative nonfiction Publishers Weekly **Nobody's Perfect** Annabel M. Patterson, Professor Annabel Patterson, 2002-01-01 Is history driven more by principle or interest Are ideas of historical progress obsolete Is it unforgivable to change one's mind or political allegiance Did the eighteenth century really exchange the civilizing force of commercial advantage for political conflict In this new account of liberal thought from its roots in seventeenth century English thinking to the end of the eighteenth century Annabel Patterson tackles these important historiographical questions She rescues the term whig from the low regard attached to it denies the primacy of self interest in the political struggles of Georgian England and argues that while Whigs may have strayed from liberal principles on occasion nobody's perfect nevertheless many were true progressives In a series of case studies mainly from the reign of George III Patterson examines or re examines the careers of such prominent individuals as John Almon Edmund Burke Sir Joshua Reynolds Thomas Erskine and at the end of the century William Wordsworth She also addresses a host of secondary characters reshaping our thinking about both well known and lesser figures of the time Tracking a coherent sustained and adaptable liberalism throughout the eighteenth century Patterson overturns common assumptions of political cultural and art historians The author delivers fresh insights into the careers of those who called themselves Whigs their place in British

political thought and the crucial ramifications of this thinking in the American political arena Book jacket *Nobody's People* Anastasia Piliavsky, 2020-11-24 What if we could imagine hierarchy not as a social ill but as a source of social hope Taking us into a caste of thieves in northern India *Nobody's People* depicts hierarchy as a normative idiom through which people imagine better lives and pursue social ambitions Failing to find a place inside hierarchic relations the book's heroes are nobody's people perceived as worthless disposable and so open to being murdered with no regret or remorse Following their journey between death and hope we learn to perceive vertical non equal relations as a social good not only in rural Rajasthan but also in much of the world including settings stridently committed to equality Challenging egalitarian normative commitments Anastasia Piliavsky asks scholars across the disciplines to recognize hierarchy as a major intellectual resource

When Nobody's Listening Diamant Salihu, 2025-04-07 In a quiet little town in northern France an improbable sequence of events takes place which will go on to transform completely the struggle against organised crime in Europe It all starts when the French cybercrime police hacks into an encrypted service called Encrochat suddenly anonymity crumbles and murder contracts and drug deals become visible on the screen Police are able to follow communications between drug couriers gang leaders and teenage hitmen in real time To save lives the police must respond quickly but must also be careful not to reveal that they're listening in As unexpected arrests of criminals grow increasingly frequent criminal networks come into view with nodes dotted all across Europe all prepared to do whatever it takes to gain control of the drug trade One name in particular will come to haunt the investigators the Kurdish Fox a notorious gang leader with ambitions to become the Pablo Escobar of Scandinavia Diamant Salihu's gripping story lifts the veil on a shadowy underworld swathed in secrecy but responsible for some of today's most violent crimes *Nobody's Business* Brian M. Reed, 2013-08-15 Since the turn of the new millennium English language verse has entered a new historical phase but explanations vary as to what has actually happened and why What might constitute a viable avant garde poetics in the aftermath of such momentous developments as 9/11 globalization and the financial crisis Much of this discussion has taken place in ephemeral venues such as blogs e-zines public lectures and conferences *Nobody's Business* is the first book to treat the emergence of Flarf and Conceptual Poetry in a serious way In his engaging account Brian M Reed argues that these movements must be understood in relation to the proliferation of digital communications technologies and their integration into the corporate workplace Writers such as Andrea Brady Craig Dworkin Kenneth Goldsmith Danny Snelson and Rachel Zolf specifically target for criticism the institutions skill sets and values that make possible the smooth functioning of a postindustrial globalized economy Authorship comes in for particular scrutiny how does writing a poem differ in any meaningful way from other forms of content providing While often adept at using new technologies these writers nonetheless choose to explore anachronism ineptitude and error as aesthetic and political strategies The results can appear derivative tedious or vulgar they can also be stirring compelling and even sublime As Reed sees it this new generation of writers is carrying on the Duchampian practice of generating antiart that both

challenges prevalent definitions of art and calls into question the legitimacy of the institutions that define it The Man Nobody Knows Roy Pateman, 2005-01-05 In this book Roy Pateman provides the most reader friendly up to date biography of B Traven an enigmatic writer whose readership spread across broader class race and language divides more than anyone else writing during the twentieth century This unconventional biography discusses Traven s alternative histories followed by an attempt to find out the major influences of this elusive man Pateman addresses Traven s politics his life of humanist anarchism and discusses all of his works in English and German emphasizing The Death Ship The Treasure of the Sierra Madre and the Jungle Sextet Also included is a chronology of Traven s life which is fuller than that found in any other study The book ends with a modest solution to the intractable problem of who Traven really was and where he was born and raised
