Testing 2 testing crew, **The Co-Creation Paradigm** Venkat Ramaswamy, Kerimcan Ozcan, 2014-04-09 A fundamental shift is underway that will change how we conceive of value In an era of increasing interconnectedness individuals as opposed to institutions stand at the center of value creation To adapt to this tectonic shift organizations can no longer unilaterally devise products and services They must engage stakeholders from customers and employees to suppliers partners and citizens at large as co creators Co creation guru Venkat Ramaswamy and Kerimcan Ozcan call for enterprises to be mindful of lived experiences to build engagement platforms and management systems that are designed for creative collaboration and to develop win more win more strategies that enhance our wealth welfare and well being Richly illustrated with examples of co creation in action The Co Creation Paradigm provides a blueprint for the co creative enterprise economy and society while presenting a conceptual framework that will guide organizations across sectors in adopting this transformational approach Challenging some of our most deeply held ideas about business and value this book outlines the future of business as usual Ghetto at the Center of the World Gordon Mathews, 2011-06-30 4e de couv Chungking Mansions a dilapidated seventeen story commercial and residential structure in the heart of Hong Kong s tourist district is home to a remarkably motley group of people Traders laborers and asylum seekers from all over Asia and Africa live and work there and even backpacking tourists rent rooms in what is possibly the most globalized spot on the planet But as Ghetto at the center of the world shows us the Mansions is a world away from the gleaming headquarters of multinational corporations instead it epitomizes the way globalization actually works for most of the world s people Through candid stories that both instruct and enthrall Gordon Mathews lays bare the building s residents intricate connections to the international circulation of goods money and ideas **The Power of Co-Creation** Venkat Ramaswamy, Francis J. Gouillart, 2010-10-05 Apple embraced co creation to enhance the speed and scope of its innovation generating over 1 billion for its App Store partner developers in two years even as it overtook Microsoft in market value Starbucks launched its online platform MyStarbucksIdea.com to tap into ideas from customers and turbocharged a turnaround Unilever turned to co creation for redesigning product lines such as Sunsilk shampoo and revitalized growth Nike achieved remarkable success with its Nike co creation initiative which enables a community of over a million runners to interact with one another and the company increasing its market share by 10 percent in the first year Co creation involves redefining the way organizations engage individuals customers employees suppliers partners and other stakeholders bringing them into the process of value creation and engaging them in enriched experiences in order to formulate new breakthrough strategies design compelling new products and services transform management processes lower risks and costs increase market share loyalty and returns In this pathbreaking book Venkat Ramaswamy who coined the term co creation with C K Prahalad and Francis Gouillart pioneers in working with companies to develop co creation practices show how every organization from large corporation to

small firm and government agency to not for profit can achieve win more win more results with these methods Based on extraordinary research and the authors hands on experiences with successful projects in co creation at dozens of the world s most exciting organizations The Power of Co Creation illustrates with detailed examples from leading firms such as those above as well as from Cisco GlaxoSmithKline Ama zon Jabil Predica Wacoal Caja Navarra and many others how enterprises have used a wide range of engagement platforms and how they have even restructured internal management processes in order to harness the power of co creation As the authors wealth of examples make vividly clear enterprises can no longer afford to view custom ers and other stakeholders as passive recipients of their products and services but must learn to engage them in defining and delivering enhanced value Co creation goes beyond the conventional process view of qual ity re engineering and lean thinking and is the essential new mind set and practice for boosting sus tainable growth productivity and profits in the future

Post-Consumer Waste Recycling and Optimal Production Enri Damanhuri,2012-05-23 This book deals with several aspects of waste material recycling It is divided into three sections The first section explains the roles of stakeholders both informal and formal sectors in post consumer waste activities It also discusses waste collection programs for recycling The second section discusses the analysis tools for recycling system The third section focuses on the recycling process and optimal production I hope that this book will convey both the need and means for recycling and resource conservation activities to a wide readership at both academician and professional level and contribute to the creation of a sound material cycle society
