Home Schooling During COVID 19 and Beyond By Deborah Nichols Poulos Homeschooling has been a challenge for parents and grandparents who have worked so well to keep their children engaged in learning this pandemic year Debbie speaks to respect and humor in this second book which are so important for kids and parent teachers This book will be a good organizational tool for future homeschoolers and can be adapted to all teaching levels Carole Plack retired Administrator Yolo County Office of Education parent from Debbie Poulos 6th grade class and grandparent _____ Ms Nichols Poulos was my son s 5th grade teacher and although a bright child he had certain behavior issues which created challenges in the classroom Debbie was the only teacher my son had throughout his schooling that I felt really understood him She knew how to work with him to help him achieve his best potential to feel cared about and accepted at school Her skills knowledge and abilities along with her compassion for her students made her an outstanding teacher She was unforgettable to her

students and their parents alike Home Schooling During COVID 19 and Beyond is a treasure trove of information parents and grandparents can use to achieve the same success with their children She has pulled from her first book The Conscious Teacher written primarily for teachers what she thinks will be of the most help to parents She has added some new information as well The book s sections on behavior standards and working with gifted students are especially helpful as a parent and now as I work with my grandkids as they school at home The advice on how to teach the various subjects of reading writing math social studies and computer skills is invaluable I have greater confidence to help the kids learn at home regardless of whether they are primarily learning remotely or in a classroom this book gives you the tools to enrich their learning Sue Woods Mediator Facilitator Consensus and Collaboration Program CSUS BA 1975 Social Welfare San Diego State University _____ I m a grandparent and not homeschooling on a regular basis but I am often helping grandkids with schoolwork So Home Schooling During COVID 19 and Beyond is helpful even for having a successful single lesson The parts about mutual respect and working WITH your student are very useful The book is well organized easy to understand and is full of specific routines for productive and rewarding homeschooling for teacher and student Debbie taught my daughter Vinci in fourth grade and it was a wonderful year for her She gained the necessary confidence to succeed academically in Debbie s class that propelled her lively mind and scholastic achievements to this day Dawn Daro mother of Vinci Daro B A and secondary teaching credential UC Berkeley taught Junior High Richmond Unified School District _____

child to her own teaching What makes *The Conscious Teacher* unique are the inspirational lessons that are unlike what most teachers get in their teacher education courses or student teaching Ms Nichols Poulos points out for example that from the very first day it is important that students learn they will be treated with dignity and respect no matter what And especially helpful are the steps Ms Nichols Poulos employs to set up a behavior management plan that works She explains the strategic steps she takes before school starts how essential it is to get to know each student before they walk into class on that first day She also illustrates how setting up classroom routines helps students know what to expect and how to make the best use of every minute And she emphasizes the importance of the parent student teacher team and includes many examples of how to communicate with and involve parents even those who may be difficult Foundational to her program are reading and writing Among other things she lays out the steps for students even as early as fourth grade to write five paragraph essays and their own student authored books and to research and write reports that include bibliographies When she differentiated curriculum to support all students needs she found their learning accelerated All teachers will appreciate her ideas about how to teach the basics of math as well as advanced math concepts And her ideas for teaching the arts are inspirational as she describes in detail how her fourth graders performed Shakespeare s *Hamlet Macbeth King Lear Julius Caesar* and *A Midsummer Night s Dream* She also shows how to integrate social studies with literature and writing Her experiences taught her that young students are much more capable than many people realize *The Conscious Teacher* is an indispensable guide for all new teachers Many of the ideas Ms Nichols Poulos provides will also be an eye opener for parents and experienced teachers as well *The Conscious Teacher* is simply a must have for anyone truly interested in giving young children a positive and solid foundation for their later schooling
