Staying Safe while Surfing

The internet is an amazing resource where we can learn, play, and have fun! However, it's important to ensure our safety while using it. This report will provide you with some important medical advice to help you stay safe online, just like real-life examples of children who didn't follow these procedures:

1. Always seek consent

Before entering the internet, it's essential to ask your parents, guardians, or teachers for permission. They will be your online healthcare providers and will guide you to websites and apps suitable for your age. For instance, Emily, an 8-year-old girl, was excited to explore the internet without permission and accidentally ended up on an inappropriate site that made her feel scared and uncomfortable.

2. Keep personal information confidential

Remember, just like how we keep private medical information safe, your personal details should remain private and not be shared online. Never disclose your full name, home address, phone number, or school name to anyone you don't know in real life. Ryan, an 11-year-old boy, once shared his address with someone he met while gaming online, and a stranger showed up at his doorstep, causing distress for his family.

3. Be cautious with strangers

Never be tempted to accept or provide personal information to anyone you don't know online, even if they claim to be a friend or offer rewards. Always use common sense and trust your instincts.

son Cloze and Coherence John W. Oller, Jon Jonz, 1994 Cloze procedure is a family of testing and teaching methods that leave blanks in discourse and ask examinees to restore the missing elements Edited and coauthored by award winning scholars Cloze and Coherence shows how and why cloze procedure is sensitive to discourse constraints and it offers a comprehensive theory of semiotics showing what coherence is and reviewing a great deal of cloze research It traces in particular the history of cloze research pertaining to studies of coherence from Hermann Ebbinghaus in the 1890s to Wilson L Taylor in the 1950s until today The research presented here aims to show that cloze scores tend to fall if discourse constraints are disrupted Also explored are many subtle questions associated with this tendency Populations discussed include native and nonnative speakers of English native and nonnative speakers of French and certain special populations such as deaf subjects and educable mentally retarded subjects Contrary to some experts it appears from the theory and the research that all of the normal subject populations as well as the special populations examined here benefit from the cognitive momentum gained from the episodic organization of ordinary discourse This finding is sustained by research from Taylor Oller et al Cziko Bachman Jonz and Taira Further some of Jonz s recent work shows why scrambling encyclopedic text Timothy Shanahan and colleagues failed to produce any significant decrement in cloze scores Jonz demonstrated empirically that some texts just as Gary A Cziko had predicted are not made more difficult by scrambling their sentences because the sentences of those texts are in some cases arranged in the manner of a list rather than a logically or chronologically structured series Scrambling the list therefore has no significant impact The final chapter of this study gives a comprehensive review of research reportedly showing that cloze is not sensitive to coherence The authors show that all those efforts suffer from fatal flaws Cloze and Coherence offers advances of two kinds First a better theoretical basis for experimental research on discourse comprehension and on literacy and language acquisition is presented which stems from a fleshed out semiotic theory Second experimental advances whose results are published here for the first time appear in various studies by Jonz Chihara et al Oller et al and Taira This work is well researched and illustrated It includes figures tables appendices a glossary and an index It will be a valuable tool for language and literacy testers and teachers *Two Roads Diverged and I Took Both* Melanie Mayer, 2010-06-22 *Two Roads Diverged and I Took Both* Meaningful Writing Instruction in an Age of Testing presents theories research and practical ideas for classroom writing instruction specifically in the areas of the reading writing connection the social aspect of writing grammar instruction teaching mainstreamed special education or English Language Learners and assessment The book s premise is that when research based best practices are applied student writing quality is improved and authentic learning takes place which will also promote success on state mandated writing assessments but preparing students to write primarily for assessments does not promote excellent writing for life **Midland Schools** ,1926 **Reading List for Junior High Schools** California. Department of Education, 1928 *How to Teach American Literature* Elizabeth McCallum Marlow, 2017-09-01 How does one keep classic books alive for

young people today and teach them that literature is instructional and delightful How does the teacher foster a classroom environment that encourages student participation and promotes enjoyment so that teenagers learn to appreciate literary study More specifically how can teachers cover centuries of American literature with students who don't appreciate why they should read material written centuries ago about people and issues that appear to be irrelevant to life today in a language that seems esoteric The author of this series of high school teaching guides addresses these issues How to Teach American Literature A Practical Teaching Guide provides a detailed resource for teachers or anyone interested in an in depth study of the subject This second book in the series covers American literature from the Puritan era to contemporary works Included are suggestions for cultivating a love for literature teaching techniques detailed analyses of each work questions for review and test questions with suggested responses essay topics audiovisual aids classroom handouts and recommended books that enhance teaching The author emphasizes two basic reasons for teaching literature it is instructional and delightful This book provides a comprehensive methodology for teaching the subject that a teacher could apply to one year's lesson plans without further investment in time Elizabeth McCallum Marlow has developed quality comprehensive guides for the teaching community based on her thirty five years of experience and her passion for literature Teaching professionals will find her tried and true practices to be invaluable Johnathan Arnold MBA M Ed D Ed Min Headmaster Covenant Christian Academy Cumming GA *Reconnecting Reading and Writing* Alice S. Horning, Elizabeth W. Kraemer, 2013-09-06 *Reconnecting Reading and Writing* explores the ways in which reading can and should have a strong role in the teaching of writing in college *Reconnecting Reading and Writing* draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction **Report** Massachusetts Board of Library Commissioners, 1911 *Report* Free Public Library Commission of Massachusetts, 1908 **Enhancing Teaching and Learning** Jean Donham, Chelsea Sims, 2019-03-30 Rapid change calls for informed leadership The goal of Donham's text has always been to help school library professionals make a difference in the educational experience and academic attainment of students in their schools With the addition of new co author Sims a junior high school librarian this newly revised fourth edition rises to the challenge with updates and enhancements that confirm its value as an important resource for both LIS students and current school librarians Covering all aspects of the school system including students curriculum and instruction principals district administration and the community it demonstrates how to interact and collaborate in order to integrate the school library program throughout these environments Inside readers will find myriad real world examples of issues in school librarianship and evidence based practice discussion of such urgent topics as the educational needs of the iGen those born between 1995 and 2012 changing reading habits the influence of the media and news literacy and other issues related to the proliferation of fake news updates which touch upon the new AASL Standards
