Convention on the Organisation for Economic Co operation and Development

The Absence of Soulware in Higher Education Way Kuo,2023-09-20 THE ABSENCE OF SOULWARE IN HIGHER EDUCATION The book offers an analytical account of higher education in Taiwan Hong Kong and Mainland China with examples of best practices from higher education in the US for guidance This book is Professor Way Kuo s attempt to address issues that remain to be challenges for universities in the globalized 21 Century namely academic autonomy and freedom seamless integration

between research and teaching curricula update innovative and problem driven research and adopting best global practices based on his reflections about higher education from a global perspective through his personal experience as a senior academic leader in the US and Hong Kong Borrowing from the languages of computer science this book not only talks about the hardware and software in higher education which refer to the infrastructure and the physical entities that provide an environment conducive to good teaching and research it also highlights the importance of a third category for achieving great success the presence of a certain mindset a willingness to embrace due process and follow international standards and procedures or a vision in making the best use of the hardware and software to spearhead innovation in combining teaching and research for the benefit of students and the well being of society Such a mindset is called the soulware of higher education Specifically this book Covers four key areas where a lack of proper soulware or mindset is deterring the advancement of higher education internationalization seamless integration of teaching and research quality and evaluation and creativity and innovation The author s arguments are factual and comments are critical on what is perceived to be less desirable or a failure in higher education The book offers useful insights into the future and a global perspective on trends challenges and opportunities in higher education Audience Educators policymakers higher education providers and administrators global stakeholders of higher education including students and parents and the general public in both the East and the West who have an interest in global higher education

#### **Industries and Careers for Engineers**

WetFeet (Firm),2008

**War Games** Philip Hammond,Holger Pötzsch,2019-12-12 Many of today s most commercially successful videogames from Call of Duty to Company of Heroes are war themed titles that play out in what are framed as authentic real world settings inspired by recent news headlines or drawn from history While such games are marketed as authentic representations of war they often provide a selective form of realism that eschews problematic yet salient aspects of war In addition changes in the way Western states wage and frame actual wars makes contemporary conflicts increasingly resemble videogames when perceived from the vantage point of Western audiences This interdisciplinary volume brings together scholars from games studies media and cultural studies politics and international relations and related fields to examine the complex relationships between military themed videogames and real world conflict and to consider how videogames might deal with history memory and conflict in alternative ways It asks What is the role of videogames in the formation and negotiation of cultural memory of past wars How do game narratives and designs position the gaming subject in relation to history war and militarism And how far do critical anti war peace games offer an alternative or challenge to mainstream commercial titles

**The English Premier League** Richard Elliott,2017-06-14 The English Premier League EPL is one of the world s most valuable and high profile sports leagues with millions of fans around the globe The 2016 17 season marked the 25th anniversary of the EPL providing a unique opportunity to reflect on how it has contributed both positively and negatively to key developments in football and in sport and culture more broadly at local national and global levels Drawing

on central themes in the social scientific study of sport such as globalisation celebrity fandom commercialisation gender sexuality and race this book is the first to assess the historical development and current significance of the EPL With original contributions from several of the world s leading football scholars it provides in depth case studies of the multifaceted role of the EPL in the contemporary world of sport as well as offering thought provoking predications for the future challenges that it will face The English Premier League A Socio Cultural Analysis is a fascinating read for any sport studies student or scholar with a particular interest in football and the sociology of sport World Intellectual Property Report 2024 World Intellectual Property Organization,2024-05-02 Combining economic analysis with in depth industry studies the 2024 edition of the World Intellectual Property Report introduces a new data driven methodology designed to help policymakers make informed decisions by leveraging existing local innovation capabilities and strengthen their national innovation ecosystems Complementing this framework are three case studies across the agriculture technology motorcycle and video game industries spanning eight different countries These studies demonstrate how countries have successfully carved out specialized trajectories within innovative and complex industries *Biodesign* Paul G. Yock,2015-02-02 A step by step full color guide to successful medical technology innovation with a new focus on value based innovation and global opportunities

Questing Excellence in Academia Knut H. Sørensen, Sharon Traweek,2022-01-29 Unlike almost most other studies of neoliberal universities and academic capitalism this book ethnographically explores and interprets those transformations and their contradictions empirically in the everyday practices of students faculty members and administrators at two public universities NTNU in Norway and UCLA in California Differently situated in global political economies both are ambitious prosperous campuses The book reflexively examines their disturbing disputes about quality competition and innovation It argues that some academic bureaucratic and corporate university governance practices are both unsustainable and undermining what some university students and faculty already do well circulate interdisciplinary knowledge and its making globally across the diasporic domains of academia society industry and government while addressing the world s immediate challenges power inequities and sustainability It shows the important strategic work of domesticating co morphing and meshworking at the faultlines of emerging knowledge This book is for students faculty society members and policy makers who want to engage more effectively with contemporary universities that increasingly serve as busy crossroads for sharing ideas and how to make them It will be of interest to workers and scholars in the interdisciplinary fields of higher education studies critical university studies and critical public infrastructure studies plus science technology and society studies The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
