This book presents recent research in intelligent information and database systems. The carefully selected contributions were initially accepted for presentation as posters at the 9th Asian Conference on Intelligent Information and Database Systems ACIIIDS 2017 held from 4 to 5 April 2017 in Kanazawa, Japan. While the contributions are of an advanced scientific level, several are accessible for non-expert readers. The book brings together 47 chapters divided into six main parts: Part I From Machine Learning to Data Mining; Part II Big Data and Collaborative Decision Support Systems; Part III Computer Vision Analysis Detection Tracking and Recognition; Part IV Data Intensive Text Processing; Part V Innovations in Web and Internet Technologies; and Part VI New Methods and Applications in Information and Software Engineering. The book is an excellent resource for researchers and those working in algorithmics, artificial and computational intelligence, collaborative systems, decision management and support systems, natural language processing, image and text processing, Internet technologies and information and software engineering as well as for students interested in such research areas. Workbook for Entrepreneurship and Innovation Tim

Mazzarol, Sophie Reboud, 2019-11-28. This book provides an overview of the theory, practice and context of entrepreneurship and innovation at both the industry and firm level. It provides a foundation of ideas and understandings designed to shape the reader's thinking and behaviour to better appreciate the role of innovation and entrepreneurship in modern economies and to recognise their own abilities in this regard. The book is aimed at students studying advanced levels of entrepreneurship, innovation and related fields as well as practitioners, for example managers, business owners. As entrepreneurship and innovation are largely indivisible elements and cannot be adequately understood if studied separately, the book provides the

reader with an overview of these elements and how they combine to create new value in the market This edition is updated with recent international research including research and examples from Europe the US and the Asia Pacific region
