The Half-vanished Structure Magnus Ullén,2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ull n argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne s writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne s mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne s writings this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations

Teaching Literature to Adolescents Alan B. Howes,1972

The Scarlet Letter Paul Robert Stewart,1960

Doctrine and Difference Michael J. Colacurcio,2013-10-23 The enduring power of many antebellum American texts trace their inspiration to Puritanism From Melville s preposterous but irresponsible quarrels with God to Hawthorne s instructed yet edgy evocations of earlier New

England to Dickinson's finely turned little blasphemies. Can one imagine that such texts were written anywhere but in the latter days of Puritanism? Doctrine and Difference shows how the spirit and forms of liberalism are a necessary but by no means sufficient explanation for the flowering of literature in this period. The colonialist writers were attempting to have things their own provincial way amidst an air of rejection by the cosmopolitan literary establishment. Capturing the violence of repression, the energy required to meet its moral argument head on, and the disease of embattled survival, this book shows how these works are in many ways the literary remnants of Puritanism. Readers in History James L. Machor, 1993

Nineteenth century America witnesses an unprecedented rise in reading activity as a result of increasing literacy, advances in printing and book production and improvements in transporting printed material. As the act of reading took on new cultural and intellectual significance, American writers had to adjust to changes in their relationship with a growing audience. Calling for a new emphasis on historical analysis, Readers in History reconsiders reader response and reception approaches to the shifting contexts of reading in nineteenth century America. James L. Machor and his contributors dispute the essentializing tendency of much reader response criticism to date, arguing that reading and the textual construction of audience can best be understood in light of historically specific interpretive practices, ideological frames and social conditions. Employing a variety of perspectives and methods, including feminism, deconstruction and cultural criticism, the essays in this volume demonstrate the importance of historical inquiry for exploring the dynamics of audience engagement. Civic Myths Brook Thomas, 2012-09-01

As questions of citizenship generate new debates for this generation of Americans, Brook Thomas argues for revitalizing the role of literature in civic education. Thomas defines civic myths as compelling stories about national origin, membership and values that are generated by conflicts within the concept of citizenship itself. Selected works of literature, he claims, work on these myths by challenging their terms at the same time that they work with them by relying on the power of narrative to produce compelling new stories. Civic Myths consists of four case studies: Nathaniel Hawthorne's *The Scarlet Letter* and the good citizen; Edward Everett Hale's *The Man without a Country* and the patriotic citizen; Mark Twain's *Adventures of Huckleberry Finn* and the independent citizen; and Maxine Hong Kingston's *China Men* and the immigrant citizen. Thomas also provides analysis of the civic mythology surrounding Abraham Lincoln and the case of *Ex parte Milligan*. Engaging current debates about civil society, civil liberties, civil rights and immigration, Thomas draws on the complexities of law and literature to probe the complexities of U.S. citizenship. **Performatively Speaking** Debra J. Rosenthal, 2015-05-12

In Performatively Speaking, Debra Rosenthal draws on speech act theory to open up the current critical conversation about antebellum American fiction and culture and to explore what happens when writers use words not just to represent action but to constitute action itself. Examining moments of discursive action in a range of canonical and noncanonical works: T.S. Arthur's temperance tales, Fanny Fern's *Ruth Hall*, Nathaniel Hawthorne's *The Scarlet Letter*, Harriet Beecher Stowe's *Uncle Tom's Cabin* and Herman Melville's *Moby Dick*, she shows how words act when writers no longer hold to a difference.

between writing and doing The author investigates for example the voluntary self binding nature of a promise the formulaic but transformative temperance pledge the power of Ruth Hall s signature or name on legal documents the punitive hate speech of Hester Prynne s scarlet letter A the prohibitory vodun hex of Simon Legree s slave Cassy and Captain Ahab s injurious insults to second mate Stubb Through her comparative methodology and historicist and feminist readings Rosenthal asks readers to rethink the ways that speech and action intersect
