Hearts: A True, Heart-wrenching Story About Victory...Forfeited! Earl Dusty Trimmer, 2019-05-16 Earl Dusty Trimmer relates with both skill and personal experience events surrounding our most forgettable and misunderstood war in America's history. He brings it all home with his down to earth style and considerable knowledge. In *Unbreakable Hearts* Dusty dives into the Vietnamese history and culture and skillfully brings the reader into understanding our Vietnamese enemy's amazing resolve. He brilliantly explains the evolution of our Vietnamese enemy over hundreds of years of invasions and wars. Always defending their country to remain free became an art. In Chapter 7 Dusty describes the Vietnamese women fighters as Hellcats. My own experience with the formidable Vietnamese Viet Cong women's skills and expertise closely mirrors Dusty's. Hooch girls could plant booby traps in a GI's hooch with a skill and savvy they were forced to learn during decades of on the job training in continuous wars with unwelcomed invaders. My own Military Police experience after leaving the infantry revealed these incidents vividly. In later chapters Dusty moves into our own veterans' profound resolve and toughness. North Vietnam's famed General Giap called us an honorable enemy. One could suggest from this writing that our enemy taught us well. We did things in the Vietnam War the average person would have to go to the movies to believe. After reading Trimmer's descriptions I must conclude that indeed this book could be one for the movie industry. Dusty Trimmer brings to life our days and nights living and fighting in these foreboding jungle warfare conditions. After reading this fine work and reflecting on my own experiences I cut away a little more of the pain. Pride swells for having served with all of these wonderful veterans of the Vietnam War. Pain for our terrible losses. For myself these experiences culminated in wisdom I would otherwise have failed to achieve. God bless Dusty for telling our story. Forward march Brothers.

You will see a focus on investment strategies and financial knowledge while helping you to understand the many aspects of personal finance, economics, estate, retirement planning. You will learn of our endless pursuits for material wealth and success at the expense of our health and well being. Although the pursuit of wealth and success is an ingrained social and cultural phenomenon, sound advice and practical solutions are sprinkled throughout the book to help you manage these societal pressures. Goals and planning are a common thread throughout the book and you will be convinced of the power of the written plan as you move through the pages. Financial planning is not simply about buying a term deposit, stock or mutual fund but a comprehensive process involving every aspect of your personal financial life. From the initial stage of Discovery through Knowledge, Planning and Development to Action you will come to realize that it is not a one time deal depositing money into a particular investment or setting up an insurance policy. It is an ongoing dynamic process that changes with your life stages and goals. If you were wondering what has caused the recent financial crisis of 2008, nearly collapsing the global economy, Montague explains why and how this happened. Economic fundamentals ultimately determine corporate earnings which drive the stock markets up steep hills over bumpy roads and sometimes right over a cliff. But written in these pages are

many rational investment strategies and conservative money management ideas that will help you to save and invest throughout your careers and retirement with a peace of mind The component parts of the book are tied together by a philosophy of life that promotes a balanced and moderate life style that will result in peace of mind I will show you that you have permission to make guilt free change for selfish reasons if needed for your own self preservation Knowledge and developing a passion for learning versus the pursuit of wealth and success are alternate paths everyone should consider In the end you will discover the true secret the truth has always been inside you if you listen The major theme is quite clear on the importance to Live For Today Plan For Tomorrow *Nice Place, Shame about the Human Race* Allan
