Radical Worship What Sunday Morning Can Never Give You:

Radical Worship: What Sunday Morning Can Never Give You Larry D. Ellis, 2014-11-01 In *Radical Worship* the reader will learn that the foundation of all our lives is the worship of God. The author reclaims the biblical meaning of worship, stepping away from the popular meanings used today. He discusses the direct relationship which submitting to God has on the re-creation of who we are in Christ. He focuses on the words that are translated worship in both the Old Testament and the New Testament. Additionally, the significance of worship is examined through Jesus' responses to the question "What must I do to inherit eternal life?" The author critiques some of the narrowness of formulaic Christianity and unfolds some of the many expressions of worship that Jesus explicitly affirms.

Radical Small Groups Dr. David Slamp, 2014-06-04 A book that takes you beyond programs and spells out exactly how to put spiritual growth on steroids in your church. Here is an exciting way to think synergistically and dramatically accelerate authentic life change. There has never been a book more urgent to read than this one in our impersonal society and spiritually impoverished world. The foundational concept here is that small groups should be an integral part of a dynamic approach to ministry, not an isolated program. The result: A powerful synergism between Sunday school, worship, Bible studies, and small groups, all producing true life change. Bring true vitality to your group or church with the biblical principles taught here. No other book will give you such a comprehensive and practical vision of the Great Commission to make disciples. If you read only one book this year to add purpose to your life and life in your church, this is the one.

Learning to Lead Rev. Willard W. C. Ashley Sr., MDiv, DMin, DH, 2012-10-15 The first comprehensive resource for teaching spiritual leadership development in the twenty-first century for all faith traditions. America is changing. Technology, social networking, global economics, immigration, migration, and multiculturalism urge communities of faith to expand their vision of spiritual leadership and reflect on how leaders can better serve congregations and communities in the twenty-first century. In this multifaith, cross-cultural and comprehensive resource for both clergy and lay persons, contributors who are experts in the field explore how to engage spiritual leaders and teach them how to bring healing, faith, justice, and support to communities and congregations. They offer tools, advice, practical methodologies, and case studies on how stakeholders, congregational leaders, ordained religious leaders, educators, students, and community leaders learn how to do theology in context and grow into faith leadership roles.

The Christian Century, 1928 Never Alone Michael Adam Beck, 2025-02-18 We have never been more connected yet we have never felt more alone. Isolation is the great soul wound of our time. As Christians, we know that the church has a unique gift to offer a hurting world: communal life in Jesus. This gift has the power to heal our loneliness and isolation. It is good news for the lonely, the isolated, the struggling. So why does it often sound like bad news to those who need it most? Perhaps because we have misunderstood what the good news actually is and how we ought to be sharing it. We have collapsed evangelism into offering a golden ticket to some postmortem destiny. But the goodness of the gospel we are called to share is about so much more: shalom, wholeness, and the

peaceable kingdom of Christ breaking into the world This is the gift of communal life in Jesus A gift that re ligaments us back together with God and one another Never Alone unpacks how we can be spiritual guides who help people heal love and unleash imagination to create better lives and communities We all can be instruments to bring healing and wholeness to people s lives in today s epidemic of loneliness and isolation **A Renegade's Guide to God** David Foster,2012-02-01

The mainline church in the past few decades has witnessed a ghettoization of youth within the church segregating them off to a particular room perhaps in the basement where they engage in ministry in isolation from the rest of the congregation They are assigned a youth minister or youth director often the staff person with the least experience freeing up the real ministers to serve the adults in the church They seldom serve on church boards or governing bodies in anything other than a cursory manner Their leadership in worship is limited to one special Sunday a year their activities seen more as programming than ministry and their place often described as the church of the future rather than the body of Christ in the here and now For decades youth ministry in mainline churches has been program driven assuming that the primary function of youth ministry was to use activities and events to attract young people to church and keep them occupied until they were ready to be adult members in the faith In recent years it has become increasingly obvious that this paradigm has failed to develop youth as life long participants in the Christian church and in the Christian faith The result of such a model of ministry is that youth come to see church only as those segregated activities reserved for teenagers most of which bear little resemblance to the practices of the rest of church life Consequently when youth graduate from high school and youth group they perceive that their most meaningful church experiences are ended Mainline congregations are now seeing the evidence of the real lack of impact of their youth ministries as the population of young adults in churches continues to shrink even those young adults who were once regular participants in church youth group programs In short the program driven model of youth ministry has failed to help youth find their place within the mission of the Church Rethinking Youth Ministry critiques this older paradigm and invites the reader into a dialogue to help rethink many of the deepest assumptions of youth ministry in the mainline church We challenge the consumerist goal of judging a youth ministry s success by the number of its participants We push back against the notion that a youth ministry is the sum total of the events on the calendar We rethink the place of volunteers and parents calling for a greater role of adults as spiritual mentors in the lives of church youth We send out a call for greater understanding of modern methods of teaching and the impact of brain research on the intellectual and spiritual development of youth and we re imagine a new role for mission within youth ministry which calls youth to see mission not as isolated activities but as the very heart of their faith journey Rethinking Youth Ministry serves as a theological companion and practical guide for all those working in the trenches of youth ministry who are seeking to offer students a
