Rainer Maria Rilke Volker Dürr, 2006 Influenced by Hegel and Nietzsche and inspired by stays in Italy and France as well as travels to Russia Spain and North Africa Rainer Maria Rilke nevertheless sought desperately to be original He rejected all ides re-uses whether they were of God reality or literature instead creating his own absolute He searched for the real reformed German poetry and revolutionized Western narrative prose with Malte Laurids Brigge While Rilke's work is marked by two cesuras after which it displays important advances in diction and the figuration of verbal icons it becomes ever more esoteric However there are also constants throughout his oeuvre in thematics topoi and diction for example the preoccupation with death figures such as the angel key nouns alliterations and noun sequences His fear of death drove him to adopt the open an idea conceived by the dubious mystagogue Alfred Schuler that surfaces throughout Rilke's poetry and triumphs in Sonnets to Orpheus and Duino

Elegies *Poems* Rainer Maria Rilke, 2015-07-23 Poems by Rainer Maria Rilke Translated by Jessie Lamont with an Introduction by H T The supreme problem of every age is that of finding its consummate artistic expression Before this problem every other remains of secondary importance History defines and directs its physical course science cooperates in the achievement of its material aims but Art alone gives to the age its spiritual physiognomy its ultimate and lasting expression The process of Art is on the one hand sensuous the conception having for its basis the fineness of organization of the senses and on the other hand it is severely scientific the value of the creation being dependent upon the craftsmanship the mastery over the tool the technique Art like Nature its great and only reservoir for all time past and all time to come ever strives for elimination and selection It is severe and aristocratic in the application of its laws and impervious to appeal to serve other than its own aims Its purpose is the symbolization of Life In its sanctum there reigns the silence of vast accomplishment the serene final and imperturbable solitude which is the ultimate criterion of all great things created To speak of Poetry is to speak of the most subtle the most delicate and the most accurate instrument by which to measure Life

The Selected Poetry of Rainer Maria Rilke Rainer Maria Rilke, 1987 One of the twentieth century's great originals Rilke's poetry stands beside the philosophy of Nietzsche and the sculpture of Rodin These pages clearly reflect the development of his art from the early exploration of love and death anguish and ecstasy to the more precise poetry of his later period acutely aware of a sense of alienated terror This bilingual edition contains the full text of his *Duino Elegies* complete with an appendix of fragments alongside generous selections from *The Sonnets to Orpheus* and the earlier volumes of poetry Excellent it is easy to feel that if Rilke had written in English he would have written in this English New York Times Book Review **The Selected Poetry of Rainer Maria Rilke** Rainer Maria Rilke, 1989-03-13 This miracle of a book

perhaps the most beautiful group of poetic translations this century has ever produced Chicago Tribune should stand as the definitive English language version [Wartime Letters of Rainer Maria Rilke](#) Rainer Maria Rilke, 2014-04-07 The letters Rilke wrote during the war and postwar years are of particular interest not only for whatever they may contain of the wisdom of the poet the artist and the humanitarian but for their analysis of the intellectual and spiritual currents of the time These letters give the account of Rilke's own state of mind and of his final approach to the threshold of his great works They show the rapid change he underwent after his reaction to the first excitement of the war how his dismay at the cruelty and confusion of war helped to render the poet in him speechless for many years how he nevertheless characteristically held to his own fundamental views throughout war and revolution and in spite of everything retained his belief in the capacity of humanity to create for itself a better future
