Understanding Flash Photography Bryan Peterson, 2011-08-30. From a master of professional photography, a book that explores the exciting possibilities of artificial light. This guide to on and off camera flash picks up where Peterson's previous title *Understanding Exposure* left off, helping free photographers from the limitations of auto to get the images they want when natural light isn't enough. For the many amateur photographers afraid to venture past natural lighting, here is the book that will finally help them master artificial light. In his trademark easy to understand style, Bryan Peterson explains not only how flash works but how to go beyond TTL automatic flash exposure to master manual flash, allowing readers to control the quality, shape and direction of light for a perfect exposure every time. *Nikon Creative Lighting System Digital Field Guide* Benjamin Edwards, 2012-02-15. Detailed coverage of the three high end speedlights built exclusively for new Nikon SLRs. Nikon speedlights put creative control of flash at the photographer's command and with Nikon's Creative Lighting System, flash control is practically intuitive and possibilities are seemingly endless. However, setting up, synchronizing the equipment and determining lighting ratios can be a daunting task. This new edition of a bestseller puts your mind at ease in a flash. Award winning photographer Benjamin Edwards begins with the basics and demystifies the complexities of using multiple speedlights, adjusting flash outputs and setting up a wireless studio in an understandable, approachable way. Teaches you how to fill in shadows, reveal detail and add a sense of motion or visual effects to your images all with automatic ease and total wireless control. Includes coverage of other Creative Lighting System components such as Nikon's wireless commander and macro speedlights. Explores the basic functions of the SB-910, continues with the SB-700 and the similar but less expensive SB-600. Boasts unique, detailed advice on lighting specific subjects: weddings, pets, product

shots corporate locations portraits large groups sports and much more While the Nikon Creative Lighting System speedlights are like having a low cost wireless studio lighting system that s portable enough to fit in a camera bag this invaluable guide does fit in your camera bag and goes where you go to help you take control of this amazing lighting system Shoot Macro
