Personal Effects Deborah Holdstein,David Bleich,2002 Holdstein and Bleich compile a volume that cuts across the grain of current orthodoxy These editors and contributors argue that it is fundamental in humanistic scholarship to take account of the personal and collective experiences of scholars researchers critics and teachers They contend that humanistic inquiry cannot develop successfully at this time without reference to the

varieties of subjective inter subjective and collective experience of teachers and researchers In composition studies they point out an important strand of theory has continuously mined the personal experience of individual writers where they stand even in a destabilised sense of that idea Such substantive accounts of the inner academic life provide appropriate and rich contexts for further study and analysis With this volume then these scholars move us to explore the intersections of the social with subjectivity with voice ideology and culture and to consider the roles of these in the work of academics who study writing and literature Taken together the essays in this collection carry forward the idea that the personal the candidly subjective and inter subjective must be part of the subject of study in humanities scholarship They propose an understanding of the personal in scholarship that is more helpful because more clearly anchored in human experience **Identity and**
