NEET Exam Chemistry Question Bank R P Meena, NEET Exam Chemistry Question Bank Topic wise and NCERT Based MCQs NEET Chemistry is considered to be the most scoring subject As it is one of the easiest scoring subjects it is often ignored and undermined a subject But if you want to get an edge over others here is a tip master NEET Chemistry concepts Chemistry demands the attention of students in understanding reactions and concrete basic understanding but once done it only gets easier from there NEET is amongst one the most prestigious medical entrance exams in India With just a

few months left for the examination it becomes quite challenging for students to cover all the concepts included in the NEET syllabus thoroughly. However, a proper study plan designed as per the latest examination pattern and the syllabus can help students to prepare all the important concepts in shorter time duration. Given below are few useful tips that can assist the students in tackling multiple choice questions in NEET exam accurately. In most of the multiple choice questions the options are designed in a very tricky and confusing manner. In most of the cases all the given options seem to be correct in some aspect. Therefore the students are advised to read the entire question very carefully. Try to accumulate all the information provided in the question effectively because in some of the cases you can easily evaluate the Answers from the question itself. If you are muddled by the given options then give each option a true and false test. Instead of getting confused consider all the possibilities and neglect the incorrect options. Hence in this way the most appropriate answer could be easily spotted.

Topic wise MCQs for NEET Chemistry: Environmental Chemistry, Organic Chemistry, P Block Elements, States of Matter, Redox Reaction, Chemical Equilibrium, Thermodynamics, Periodic Classification of Elements, s Block Elements, Chemical Bonding, Molecular Structure, Structure of Atom, Some Basic Concepts of Chemistry, Hydrocarbons, Some Basic Concepts of Chemistry, Solid State, Structure of Atom, Solutions, Classification of Elements and Periodicity in Properties, Electrochemistry, Chemical Bonding and Molecular Structure, Chemical Kinetics, States of Matter, Gases and Liquids, Surface Chemistry, Thermodynamics, General Principles and Processes of Isolation of Elements, Equilibrium, Redox Reactions, d and f Block Elements, Hydrogen, Coordination Compounds, Haloalkanes and Haloarenes, Some p Block Elements, Alcohols, Phenols and Ethers, Organic Chemistry, Some Basic Principles and Techniques, Aldehyde, Ketones and Carboxylic Acids, Hydrocarbons, Organic Compounds Containing Nitrogen, Environmental Chemistry, Biomolecules, Polymers and Chemistry in Everyday Life.

Use a step wise approach to solve conceptual and complex questions. Several times Matching type Questions are asked where the students are required to find the mismatched or the correctly matched option. Some of the questions asked in the NEET exam are entirely memory based therefore the students are advised to memorize the common names, scientific names, concepts and important definitions. Around 40% of the questions asked in the NEET exam are application based. Therefore students need to focus more on the concepts along with its applications in order to score well in the examination. Chemistry topics broadly can be grouped into Organic, Inorganic and Physical chemistry. Organic Chemistry is a vast section and holds the maximum weightage. Its concepts and principles are important. One needs to be conversant with properties of groups, conversions, recognizing organic compounds etc. Interlinking between different chapters from organic chemistry can be of great help. The students must primarily focus on reading NCERT textbooks. Several times the questions asked in NEET exam are taken directly from the NCERT textbooks. Initially avoid answering those questions for which you are not confident because your wrong answer may reduce your final score. In order to utilize your time appropriately divide the three hours of examination time as per your comfort among Physics, Chemistry and Biology.
