POINT-OF-SALE TERMINAL

Four other municipalities are involved in

The Robert F1120 puts all the POS terminal products in exceptional combination of performance, reliability, flexibility and the total cost of ownership in a compact package that fits virtually anywhere in any type of food service location. With a very bright 15-inch touch screen display, the F1120 maximizes speed of service with fast order entry in bright or dark locations or drive thru installations. The F1120's small size and silent operation means that drive thru installations can be done in areas where servers work, improving guest service without affecting décor or atmosphere. While small in size and cost, the F1120 is big on durability and features designed to maximize value in food service locations.
