Multiple Choice Practice #11
Composition Questions

The following passage is a partial student
draft.

A Case for the Four-Day School Week

(1) The design of modern American
schools is based on an industrial-era
model of mass reproduction. Times have
changed. The most change, public
schools in the United States should
switch to a four-day week.

(2) It makes fiscal sense to scale
our school schedule. The proposal of
cutting a school day, saving money
single day, every single elementary
school, saves between five and four
student years at school. Just one
school year of 180 days, 180 students

7. In the fourth paragraph, the
drafters attempt to provide evidence
that the school should switch to a four-day week.
