

# Nephron and Collecting System Structure and Function

Review the structure of the nephron by color-coding **Figure 26.1** and labeling it with the parts of the nephron and collecting system. Then, use your textbook to determine which substances are absorbed or secreted from each region, and enter this information in the blank boxes to the side of the tubules. In the boxes whose arrows are pointing toward the tubules, place substances that are secreted into the urine. In boxes whose arrows are pointing away from the tubules, place substances that are reabsorbed into the bloodstream.

**FIGURE 26.1** Anatomy of the nephron and collecting system.
