Narrative and Narration

Warren Buckland,2020-12-15 From mainstream blockbusters to art house cinema narrative and narration are the driving forces that organize a film Yet attempts to explain these forces are often mired in notoriously complex terminology and dense theory Warren Buckland provides a clear and accessible introduction that explains how narrative and narration work using straightforward language Narrative and Narration distills the basic components of cinematic storytelling into a set of core concepts narrative structure processes of narration and narrative agents The book opens with a discussion of the emergence of narrative and narration in early cinema and proceeds to illustrate key ideas through numerous case studies Each chapter guides readers through different methods that they can use to analyze cinematic storytelling Buckland also discusses how departures from traditional modes such as feminist narratives art cinema and unreliable narrators can complicate and corroborate the book s understanding of narrative and narration Examples include mainstream films both classic and contemporary art house films of every stripe and two relatively new styles of cinematic storytelling the puzzle film and those driven by a narrative logic derived from video games Narrative and Narration is a concise introduction that provides readers with fundamental tools to understand cinematic storytelling

Parents R Us: 100 Parenting Tricks For The 21st

Century Renny Adejuwon, Parenting is about creativity thinking outside the box reading between the lines and listening to the unsaid words of children Sometime you get it right and other times the wrong decisions are taken To most of us being parents just happened but it must be said that even the best of us need help when it comes to the never ending road of parenting It s a never ending road because the aim is to see our children grow as we grow older Lessons for Living P. J. Wallis,2024-03-01 God has set the stage for our life story to be acted out on and with the gift of a free will it s up to each of us to decide what role we want to play wilderness wanderers as the Israelites of ancient times so close to the Promised Land yet not permitted to enter or a believer in God s eternal promises fulfilled in Christ There are only two options God does have a plan for humanity he has set forth a calendar established a timetable and we all live along that timetable somewhere from its beginning to the end of all human rule on Earth He needs each of us to start again spiritually to become willing participants in the inward transformation of our disposition ready for the day to come Becoming a Christian is easy

Maintaining the claim that Christ lives in you will be the most challenging life changing experience How do we change our inner self to take on Christlikeness How do we react in times when our faith is put to the test times of unknowables those things sometimes beyond the limits of human experience or understanding The primary purpose of this book is to introduce the real God because if we seek a relationship with him we must think of it in terms of a valuable human relationship There needs to be a degree of attractiveness we need to share similar values as God possesses to even begin to flourish and grow
