Baroque Modernity Joseph Cermatori, 2021-11-16 A groundbreaking study on the vital role of baroque theater in shaping modernist philosophy, literature and performance Finalist for the Outstanding Book Award by the Association for Theatre in Higher Education Honorable Mention for the Balakian Prize by the International Comparative Literature Association Winner of the Helen Tartar Book Subvention Award by the American Comparative Literature Association Finalist of the MSA First Book Prize by the Modernist Studies Association Baroque style with its emphasis on ostentation, adornment and spectacle might seem incompatible with the dominant forms of art since the Industrial Revolution but between 1875 and 1935 European and American modernists connected to the theater became fascinated with it In *Baroque Modernity* Joseph Cermatori argues that the memory of seventeenth century baroque stages helped produce new forms of theater space and experience around the turn of the twentieth century In response, modern theater helped give rise to the development of the baroque as a modern philosophical idea The book focuses on avant-gardists whose writing takes place between theory and performance philosophical theater makers and theatrical philosophers including Friedrich Nietzsche, Stéphane Mallarmé, Walter Benjamin and Gertrude Stein Moving between page and stage, this study tracks the remnants of seventeenth century theater through modernist aesthetics across an array of otherwise disparate materials including modern opera, Bertolt Brecht's Epic Theater, poetic tragedies and miracle plays By reexamining the twentieth century's engagements with Gianlorenzo Bernini, William Shakespeare, Claudio Monteverdi, Calderón de la Barca and other seventeenth century predecessors, the book delineates an enduring tradition of baroque performance Along the way, Cermatori expands our familiar narratives of the modern and traces a history of theatricality that reverberates into the twenty-first century *Baroque Modernity* will appeal to readers in a wide array of disciplines including comparative literature, theater and performance art, and music history, intellectual history and aesthetic theory

John Ashbery and Anglo-American Exchange Oli Hazzard, 2018-06-13 In 1966 John Ashbery wrote "The English language is constantly trying to stave off invasion by the American language; it lives in a state of alert which is reflected to some degree in English poetry" This book shows how the work of a major post-war American poet has been centrally concerned with questions of national identity and intercultural poetic exchange by reading crucial episodes in Ashbery's oeuvre in the context of an other tradition of modern English poets he himself has defined This line runs from the editor of Ashbery's recent *Collected Poems*, Mark Ford, through Lee Harwood in the late 1960s, F. T. Prince in the 1950s, to chronologically the first and therefore most important influence on his own work, W. H. Auden Through detailed close readings of the poetry of Ashbery and these English poets, original interviews and extensive archival research, a new account of Ashbery's aesthetic and a significant re-mapping of post-war English poetry is presented The biographical

slant of the book is highly significant as it reads these writers poetry and correspondence together for the first time suggesting how major poetic innovations arose from specific social contexts from the particulars of relations between poets and also from a broader climate of Anglo American exchange as registered by each poet The book s presentation of the process of poetic influence is attentive to actual exchanges between contemporaries as evidenced in correspondence as opposed to speculative relationships with dominant figures and as such represents a departure from many other studies of Ashbery s work Key themes include Englishness as a national imaginary the concept of the minor reciprocal influence and the poetry of coteries The result is that both Ashbery himself and the landscape of post war English poetry are presented in significantly new lights American Poets and Poetry Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points

Du Bois's Telegram Juliana Spahr, 2018-10-23 In 1956 W E B Du Bois was denied a passport to attend the Presence Africaine Congress of Black Writers and Artists in Paris So he sent the assembled a telegram Any Negro American who travels abroad today must either not discuss race conditions in the United States or say the sort of thing which our State Department wishes the world to believe Taking seriously Du Bois's allegation Juliana Spahr breathes new life into age old questions as she explores how state interests have shaped U S literature What is the relationship between literature and politics Can writing be revolutionary Can art be autonomous or is escape from nations and nationalisms impossible Du Bois's Telegram brings together a wide range of institutional forces implicated in literary production paying special attention to

three eras of writing that sought to defy political orthodoxies by contesting linguistic conventions avant garde modernism of the early twentieth century social movement writing of the 1960s and 1970s and in the twenty first century the profusion of English language works incorporating languages other than English Spahr shows how these literatures attempted to assert their autonomy only to be shut down by FBI harassment or coopted by CIA and State Department propagandists Liberal state allies such as the Ford and Rockefeller foundations made writers complicit by funding multiculturalist works that celebrated diversity and assimilation while starving radical anti imperial anti racist anti capitalist efforts Spahr does not deny the exhilarations of politically engaged art But her study affirms a sobering reality aesthetic resistance is easily domesticated

The Cambridge Companion to American Poetry Since 1945 Jennifer Ashton, 2013-02-08 Explores the ways in which American poetry has documented and sometimes helped propel the literary and cultural revolutions of the past sixty five years Literary History and Avant-Garde Poetics in the Antipodes A. J. Carruthers, 2024-03-05 Avant garde poetry in the Antipodes causes all sorts of trouble for literary history It is an avant garde that seems to arrive too late and yet right on time In 1897 Christopher Brennan made his own version of Un Coup de Des the same year Mallarme published it in Cosmopolis In the 1940s the same period avant gardism was declared dead or fatally injured due to the Ern Malley affair Harry Hooton began writing a significant body of experimental poetry From the 1950s to the 1970s Australian Dada emerged belatedly through figures like Jas H Duke Tristan Tzara had previously sung Aboriginal songs at the Cabaret Voltaire in 1916 First Nations and Migrant poets then began reinventing avant garde poetry in the twentieth and early twenty first centuries This book maintains that such a confounding literary history poses a distinct challenge to the theories of the avant gardes we have become accustomed to and changes our perspective of avant garde time Graphic Poetics Richard Bradford, 2011-01-20 Concrete pattern or shaped poems are well documented as experimental curiosities While giving some attention to this sub genre the book shifts the focus to the ways in which visual form manifests itself in traditional verse examining poems by Milton Wordsworth Eliot Olson T E Hulme Auden Williams Larkin and Charles Tomlinson It examines how the tactile presence of the poem on the page transcends the routine distinctions between genre and historical context emerging as a significant but largely unexamined contribution to modernist poetics The interpretative methodology is radical adapting Wollheim s twofold thesis grounded in the aesthetics of visual art to the author s own concept of the double pattern Graphic Poetics challenges the accepted protocols of reading and interpreting verse and considers how poetry is involved in a dialogue with such theoreticians as Derrida Introducing a new perspective on how poems work and on how they generate effects it shows how poets use devices previously unrecognised and unacknowledged techniques which are more commonly associated with visual arts than with literature **Postcolonial Poetics** Patrick Crowley, Jane Hiddleston, 2011-01-01 Responding to calls to focus on postcolonial literature s literary qualities instead of merely its political content this volume investigates the idiosyncrasies of postcolonial poetics However rather than privileging the literary at the expense of the

political the essays collected here analyze how texts use genre and form to offer multiple and distinct ways of responding to political and historical questions By probing how different kinds of literary writing can blur with other discourses the contributors offer key insights into postcolonial literature s power to imagine alternative identities and societies Short Form American Poetry Will Montgomery,2020-06-18 Reading a century of American poetry through the prism of short form this book analyses the centrality of an aesthetic of brevity to American modernist verse **Contemporary Poetry** Nerys Williams,2011-04-06 Discussing the work of more than 60 poets from the US UK Ireland Australia New Zealand and the Caribbean Nerys Williams guides students through the key ideas and movements in the study of poetry today **The Routledge Companion to Ecopoetics** Julia Fiedorczuk,Mary Newell,Bernard Quetchenbach,Orchid Tierney,2023-09-29 The Routledge Companion to Ecopoetics offers comprehensive coverage of the vital and growing movement of ecopoetics This volume begins with a general introduction to the field followed by six sections Perspectives broad overviews engaging fields such as biosemiosis kinship praxis and philosophical approaches Experiments formal innovations developed by poets in response to planetary crises Earth and Water explorations of poetic entanglement with planetary chemical and biological systems Waste Toxicity Precarity poetics addressing the effects of pollution and climate change Environmental Justice and Activism examinations of poetry as an engine of political and cultural change Region and Place an international array of traditional and contemporary geographically focused responses to ecosystems and environmental conditions and Subjectivities Affects Sexualities investigations of gender ethnicity and race as they intersect with ecological concerns Each section includes an overview and summary addressing the specific essays in the section These previously unpublished essays represent a wide variety of nationalities backgrounds perspectives and critical approaches exploring the interdisciplinary field of ecopoetics Contributions from leading scholars working across the globe make The Routledge Companion to Ecopoetics a landmark textbook and reference for a variety of researchers and students
