

Pointless Conversations: Previews

A Brief (But still Pointless) extract about an "awesome" lightbulb...

hello, anyone.....
weeeeloooooo?

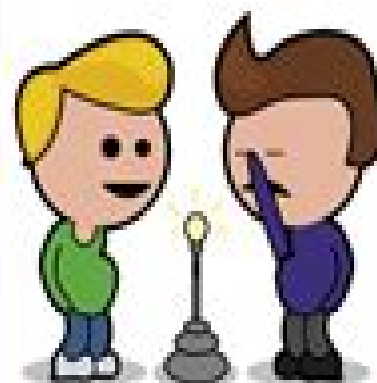

hey, I'm over here!

Ah, my silly crystal impersonation
does have an actual use.
why is the light off? I can't see a
thing in here!

I've got something to show
you...it's a surprise!

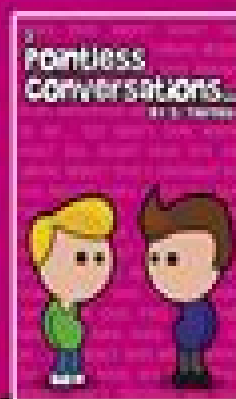

AGHEH...thanks for that.
I can now somehow see the
back of my own head...

Pointless Conversations: Lightbulbs and Civilisation Scott Tierney, 2011-05-25 Pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of Scott Tierney If you've ever wanted to know the answers to why Superman is a coward why Spiderman should technically be deformed and if Superdog caused the death of Krypton then these bite sized comics will reveal all The discussions may be insane and most of what is said is rambling but despite this you may find yourself agreeing with most of what is said It's a fair point where does Spiderman store all that web

Deep Adaptation Jim

Bendell, Rupert Read, 2021-06-09 Deep adaptation refers to the personal and collective changes that might help us to prepare for and live with a climate influenced breakdown or collapse of our societies It is a framework for responding to the terrifying realization of increasing disruption by committing ourselves to reducing suffering while saving more of society and the natural world This is the first book to show how professionals across different sectors are beginning to incorporate the acceptance of likely or unfolding societal breakdown into their work and lives They do not assume that our current economic social and political systems can be made resilient in the face of climate change but instead they demonstrate the caring and creative ways that people are responding to the most difficult realization with which humanity may ever have to come to terms Edited by the originator of the concept of deep adaptation Jem Bendell and a leading climate activist and strategist Rupert Read this book is the essential introduction to the concept practice and emerging global movement of Deep Adaptation to climate chaos **The Corporate Board** ,2000 **Art International** ,1963 **Pointless Conversations**
