To analyze a character, you must find out what makes him/her "tick." Look at the character as you would anyone you meet for the first time. You may notice or learn the following:

- relationships - with other characters in the story, how others see/react to him/her
- weaknesses/faults
- strengths/virtues
- moral constitution - often a character will agonize over right and wrong
- protagonist/antagonist - does the story revolve around this character's actions?
- complex/simple personality
- history and background
- change - has the character changed during the course of the story? What was his/her motivation? Why?
- similarities and differences of the characters
- Does the character have a function in the story?
