American Tricksters William J. Jackson, 2014-12-18 Tricksters are known by their deeds Obviously not all the examples in *American Tricksters* are full blown mythological tricksters like Coyote Raven or the Two Brothers found in Native American stories or superhuman figures like the larger than life Davy Crockett of nineteenth century tales Newer expressions of trickiness do share some qualities with the Trickster archetype seen in myths Rock stars who break taboos and get away with it heroes who overcome monstrous circumstances crafty folk who find a way to survive and thrive when the odds are against them men making spectacles of themselves by feeding their astounding appetites in public all have some trickster qualities Each person every living creature who ever faced an obstacle and needed to get around it has found the built in trickster impulse Impasses turn the trickster gene on or stimulate the trick performing imagination that's life To explore the ways and means of trickster maneuvers can alert us to pitfalls help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives Knowing more about the Trickster archetype in our psyches helps us be more self-aware

Cyber Security Essentials James Graham, Ryan Olson, Rick Howard, 2016-04-19 The sophisticated methods used in recent high profile cyber incidents have driven many to need to understand how such security issues work Demystifying the complexity often associated with information assurance *Cyber Security Essentials* provides a clear understanding of the concepts behind prevalent threats tactics and procedures To accomplish

Foundations of Real-World Economics John Komlos, 2019-01-11 The 2008 financial crisis the rise of Trumpism and the other populist movements which have followed in their wake have grown out of the frustrations of those hurt by the economic policies advocated by conventional economists for generations Despite this textbooks continue to praise conventional policies such as

deregulation and hyperglobalization This textbook demonstrates how misleading it can be to apply oversimplified models of perfect competition to the real world The math works well on college blackboards but not so well on the Main Streets of America This volume explores the realities of oligopolies the real impact of the minimum wage the double edged sword of free trade and other ways in which powerful institutions cause distortions in the mainstream models Bringing together the work of key scholars such as Kahneman Minsky and Schumpeter this book demonstrates how we should take into account the inefficiencies that arise due to asymmetric information mental biases unequal distribution of wealth and power and the manipulation of demand This textbook offers students a valuable introductory text with insights into the workings of real markets not just imaginary ones formulated by blackboard economists A must have for students studying the principles of economics as well as micro and macroeconomics this textbook redresses the existing imbalance in economic teaching Instead of clinging to an ideology that only enriched the 1% Komlos sketches the outline of a capitalism with a human face an economy in which people live contented lives with dignity instead of focusing on GNP
