The Stuff of Spectatorship Caetlin Benson-Allott, 2021-04-06 Film and television create worlds but they are also of a world a world that is made up of stuff to which humans attach meaning Think of the last time you watched a movie the chair you sat in the snacks you ate the people around you maybe the beer or joint you consumed to help you unwind all this stuff shaped your experience of media and its influence on you The material culture around film and
