In the vein of Evicted and Locking Up Our Own comes a seminal work that delves deep behind the Thin Blue Line of policing and police misconduct to demonstrate what really goes on when you try to hold the police accountable How often do you think about the police Who do you think of Columbo Chief Wiggum Derek Chauvin Do you think of just one officer or do you think of the police as an institution From movies and television to everyday life a police presence looms over most conflict Today we know this to be most true for Black Americans for whom the suspense of policing is constant And too often the argument over dinner devolves into a 9 1 1 call blue and red lights and possibly a door rammed open Some of us are watched by the police and others are chased But if there was a defining feature of the 2020 protests over the murder of George Floyd it was the collective confusion about how we got to this point Policing it seemed had become as ahistorical as it was brutal Despite fragmented coverage about police unions militarization and systemic racism America remained hazy on the details of what cops had been doing all along There is a Blue Wall and ways to get behind it The authors of this book Anon 1 and Anon 2 are senior investigators of a government agency tasked with policing the police in New York City They re our eyes on the inside and this book will take us into their world COP COP follows the web of real cases that the authors investigated over several years inside the Civilian Complaint Review Board As they investigate everything from offensive language and chokeholds to shootings the larger investigation builds into their argument for six simple solutions to fix American policing Readers will come away with a new vantage point as well as the tools of an investigator By combining their unique perspectives as police misconduct investigators with a synthesized history of policing this book offers newfound insights into what policing really looks like what the problems are and what practical steps are necessary to create a criminal justice system that is truly just
