Public Religion and the Politics of Homosexuality in Africa Adriaan van Klinken, Ezra Chitando, 2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam Christianity and Rastafarianism The contributors explore the role of religion in the politicisation of homosexuality investigate local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa

The Sunday School Teacher's Bible Manual Robert Hunter, 1894 The Sunday-School Teacher's Manual, Designed as an Aid to Teachers in Preparing Sunday-School Lessons (Classic Reprint) William Mansfield Groton, 2016-07-22 Excerpt from The Sunday School Teacher's Manual Designed as an Aid to Teachers in Preparing Sunday School Lessons IT is hoped that this Manual will meet the needs of the Sunday school teacher Its purpose is not only to furnish instruction in approved methods of preparing and teaching the lesson but also to impart the information concerning the Scriptures and the Church which often lies beyond his immediate reach The various articles contained in it have been reduced to as small a compass as the usefulness of the book will permit and it can readily be seen that it was no easy task to bring within the stipulated limits many of the subjects treated Further each author is responsible only for the matter contained in his own production The
