Volcano Eule Grey, 2021-08-25 According to ancient rhymes the islanders of Ansar and Skarle are children of the volcano born of fire and destined to be lovers After the eruption the prophecies are forgotten as all are forced to flee Nobody cares about silly nursery rhymes now certainly not Jalob When shy medic Jalob Baleine heads to war it isn t for romance She only wants to help refugees who have no home or allies Because they are kin Jalob was born under the same glowering volcano on an idyllic island surrounded by dolphins Like the refugees she fled the lava and secretly cherishes the old ways She falls asleep ignoring the pull of tides and dreams of a loving touch Who doesn t And sure maybe Jalob hasn t felt whole for years but war isn t the time for fantasies She keeps to herself and hopes someone else will sort the war out One woman can t heal the world After all she has enough to do what with tending the sick and her supervisor Susan always on her back Then Jalob meets stropky violinist Corail Esplash After an explosive introduction they re forced to spend time together Stress makes them long for a reprise and a fragile line dances between love and hate Inevitably the young women exchange island stories Corail is head strong and rude a typical Ansar who loves to tease and be chased And Jalob strong loyal from Skarle has such fast legs Could the old rhymes about destiny be right Ah fate Death and war are relentless enemies and difficult choices lie

Corporations control every sector of society from law enforcement to automated manufacturing The economic and social divides are chasms Jobs are scarce for an undocumented slug like Arad Ansari and life on Earth's Grey District A 5 colony is even harder With no other options he plies his youthful looks to hustle enough money to stay fed even without a roof over his head So when Captain Torrins of the Midas Ascending offers him employment as his personal cabin boy Arad takes the opportunity despite his reservations Because what other choice does a desperate poverty stricken man with no prospects have When corporate military forces demand payment for Torrins and the crew's sins Arad is left alone and adrift in unknown space After years of smothering on the crowded streets of Grey District a ship of his own should be an unexpected windfall but it doesn't take long to discover what or rather who were originally being smuggled on board More than human more than an animal Roku is a blend of both a marvel of genetics and highly illegal His past is a mystery even to himself a story told only through his nightmares Despite a dubious introduction an unspoken bond forms between him and Arad while they try to repair the ship before supplies run dry or corporate forces track them down Time is not on their side Overcoming their pasts and learning to trust one another are the keys to Arad and Roku's survival and they have to succeed to find their place together in the universe *Japan Encyclopedia Louis-Frédéric, 2002*

Knowing Japan and the Japanese better Louis Frédéric states in the introduction to this encyclopedia is one of the necessities of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge electronics and innovative management techniques To go beyond these clichés we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization from the dawn of its prehistory to today providing clear and accessible information on society and institutions commerce and industry sciences sports and politics with particular emphasis on religion material culture and the arts The volume is enhanced by maps and illustrations along with a detailed chronology of more than 2 000 years of Japanese history and a comprehensive bibliography Cross references and an index help the reader trace themes from one article to the next Japan Encyclopedia will be an indispensable one volume reference for students scholars travelers journalists and anyone who wishes to learn more about the past and present of this great world civilization **British Museum Catalogue of Printed Books ,1886**
