C. Sproul, 2011-02-18 For those who yearn for a deeper walk of faith their journey can begin here Dr R C Sproul takes theology down from the dusty shelves of theological libraries and expounds in clear and simple terms more than one hundred major Christian doctrines He offers readers an essential understanding of the Christian faith that will kindle a lifelong love for truth which is foundational to maturity in Christ Here are theologically sound explanations of the biblical concepts every Christian should know written in a way that we all can understand Sproul s homespun analogies and illustrations from everyday life make this book interesting informative and easy to read **Paul, Apostle to the Nations** Walter F. Taylor, 2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Paul s thought on gender and sexuality **The MacArthur Bible Handbook** John F. Swann, 2017-07-07 The creation of humankind in the Image of God is perhaps the most foundational tenet of theological anthropology yet it is rarely understood in the fullness of what it represents Too often focus is placed on the divine image as a condition A study of the Scriptures suggests that it is better understood not as a condition

but rather as a commission of humanity to a role specifically a priestly role This book delves into the recognition that the Image of God is nothing less than a divine commission over all of humanity to serve as priests within the temple of creation It examines not only the creation of humankind as a priesthood in the opening chapters of Genesis but also the echoes of this anthropological interpretation throughout the Scriptures and the resulting ramifications for future biblical and theological studies

Paul and the Miraculous Graham H. Twelftree, 2013-09-15 How can we explain the difference between the miraculous Christianity expressed in the Gospels and the nearly miracle free Christianity of Paul In this historically informed study senior New Testament scholar Graham Twelftree challenges the view that Paul was primarily a thinker and reimagines him as an apostle of Jesus for whom the miraculous was of profound importance Highlighting often overlooked material in Paul's letters Twelftree offers a fresh consideration of what the life and work of Paul might teach us about miracles in early Christianity and sheds light on how early Christians lived out their faith

From Paul to Valentinus Peter Lampe, 2003 In this pathbreaking study of the rise and shape of the earliest churches in Rome Lampe integrates history archaeology theology and social analysis He also takes a close look at inscriptional evidence to complement the reading of the great literary texts from Paul's Letter to the Romans to the writings of Clement of Rome Justin Martyr Montanus and Valentinus Thoroughly reworked and updated by the author for this English language edition this study is a groundbreaking work broad in scope and closely detailed Lampe deals with the shape of leadership and the Christians relation to the Judeans living in Rome In six parts comprised of fifty one chapters and four appendices Lampe greatly advances our knowledge of the shape of leadership and the Christians relation to the Judeans living in Rome

All Citizens of Christ: A Cosmopolitan Reading of Unity and Diversity in Paul's Letters Jeehei Park, 2022-10-10 In this work Jeehei Park proposes Greek and Roman cosmopolitanism as a constructive category through which to navigate a reading of human diversity and communal unity in Paul's letters Park takes a thorough look at the cosmopolitan ideas of Diogenes of Sinope Philo Plutarch Epictetus and Marcus Aurelius to establish Paul as an interlocutor who critically participated in the discourse of cosmopolitanism Park

characterizes Paul's understanding of unity with the distinctive phrase heterogeneous unity in which human differences are respected and embraced rather than being universalized or homogenized. This book offers a novel analysis of Paul's rhetoric about citizenship in Philippians and its adoption of Greek and Roman cosmopolitanism as an interpretive contour. *Fresh Perspectives: Commercial Law* 2, 2007
