Dear Scholarship Committee,

My name is Denise Chiu, and I am a current undergraduate student at the University of California-Berkeley, pursuing a Bachelor of Arts in Computer Science with a double major in Conservation and Resource Studies. I came across your Elevate Women in Technology Scholarship on careeronestop.org and knew it would be the perfect opportunity to advance my goal of using technology to improve local conservation efforts.

During my two years at UC Berkeley, I have maintained a GPA above 3.75 and excelled in all of my classes. I'm also the president of the Berkeley Green Tech Club, where students brainstorm and collaborate, finding innovative ways to use technology to drive environmental awareness and action in the community.

I have been developing two apps toward this end, the first of which is complete:

- *Green Team SF* allows users to create, view, share, and schedule various environmental events in the area like beach clean-ups or bike-to-work days. The goal is to inspire community awareness, engagement, and action, resulting in a cleaner, greener city.
- *Trash to Treasure* (still in development) is inspired by thrift stores and gives users a platform to buy, sell, trade, or give away items they no longer need, with local chapters. The goal is to create a more sustainable and circular economy.

Receiving your scholarship would allow me to put more time, effort, and resources into creating tangible tools for the community, contributing to a healthier city and planet.

I would be honored to speak with you further about the opportunities that lie at the intersection of technology and sustainability, and all the projects I hope to tackle in the future. Thank you so much for your time and consideration.

Sincerely,

Denise Chiu
