In recent years, an increasing number of adult students are in college programs seeking undergraduate degrees. Many more of the year formerly accepted by the institution. - early retirement and the decision to retire in earlier years
- a change in work-life balance (family, individually related needs in a career because and the corresponding need for additional education

Figure in the literature and universities with many adult students confirm that colleges and universities will have an early need to come with these older learners. Although some universities have added special counseling and assistance programs, many have closed special career activities and programs, other responses have been less highly organized. Since the full-time adult undergraduate has been considered as a new phenomenon, the statistics have been collected on per year students. Therefore, almost none of the support services and material
