Harvey, Teresa Heinz Housel, 2011-10-11 From the Editor: The population of first generation college students (FGS) is increasing in an ever tightening economy, a time when employers demand a college degree even for an initial interview. Responding to these complexities, this volume's chapters extend previous research by examining the multiple transitions experienced by both undergraduate and graduate FGS. This volume's cutting edge research will help college and university administrators, faculty and staff work better with FGS through more effective pedagogy and institutional programs. Ultimately, this volume affirms how learning communities are strengthened when they include diverse student populations such as FGS and meet their
