- Introductory paragraph (required) & Draft #2 due (optional): Thursday, May 29, by class
- Final Revision due: Tuesday, June 3, by class

Paper Format: 2800+ words; 1.5 spacing; separate title page including name, title, and date; page numbers; in-text citations and works cited in MLA form; 1" margins; visual evidence (as appropriate) with captions.

Submission Format: Electronic posting of all materials to your student portfolio as they are due (this includes title pages, reflective memos, abstracts, works cited as they are due).

Grading: This assignment is worth 35% of the overall class grade.

Recommended *Envision* reading: Chapters 6 & 7

ASSIGNMENT GOALS

This assignment has three interrelated goals:

1. To ask you to take on a sophisticated research project, working with both primary and secondary sources, on a subject related to the intersection of gender and technology.
2. To encourage you to develop skills in delivering complex research effectively in written form.
3. To help you develop skills in presenting a powerful and articulate argument about a topic, using evidence to substantiate your claims.

DETAILED ASSIGNMENT

All PWR 2 students are required to complete an extended piece of academically rigorous research writing, designed to reinforce the skills learned in PWR: research strategies; deliberate use of rhetoric; clear and forceful argumentation.

Your research paper should include an **argumentative thesis** that represents your own claims about your topic. This thesis should be supported by evidence derived from both primary and secondary research. You should utilize at least 12 sources and, as applicable, fieldwork (interviews, surveys, etc.) -- in many cases, you

Sample Argumentative Research Papers:

Logical Argument in the Research Paper Russ Ward, 1997 *Logical Argument in the Research Paper* operates on the premise that collegiate level writing when cast in its most significant and sophisticated form is argumentative. Students are shown how writers examine a potential topic, establish a stance upon that topic, defend the stance, avoid reasoning and ethical errors, and in general say something meaningful about the topic. It also includes instruction about finding sources, gathering information from them, and correctly documenting them. However, the emphasis remains on how effective writers evaluate sources, think about the information they discover, prepare a fair and informed argument, rethink and revise the argument, and finally present an argument in its completed form. *Logical Argument in the Research Paper* will help students learn some of the reasoning processes that all writers use when composing the academic argument. Elements of Argument Annette T. Rottenberg, Donna Haisty Winchell, 2011-08-03 *Elements of Argument* combines a thorough argument text on critical thinking, reading, writing, and research with an extensive reader on both current and timeless controversial issues. It presents everything students need to analyze research and write arguments. *Elements of Argument* covers Toulmin, Aristotelian, and Rogerian models of argument and has been thoroughly updated with current selections students will want to read. It now includes additional support for academic writing, making it a truly flexible classroom resource. An electronic edition is available at half the price of the print book. Read the preface. **The Structure of Argument** Annette T. Rottenberg, Donna Haisty Winchell, 2011-08-03 *The Structure of Argument* covers critical thinking, reading, writing, and research. It is concise but thorough and presents everything students need in an affordable, compact format. *The Structure of Argument* includes questions, exercises, and writing assignments, and a full semester's worth of readings. Now presenting Aristotelian and Rogerian as well as Toulmin argument, it includes many fresh readings and additional support for academic writing to help students stake their claim. Its emphasis on Toulmin argument makes *Structure* highly teachable since the approach fits with the goals of the composition course. An electronic edition is available at half the price of the print book. **Writing Made Easy: Just the Basics** Timothy Sharkey, 2022-05-03 *Writing Made Easy: Just the Basics* by Timothy Sharkey explains how to make writing easy. It provides a just the basics approach to writing and it eliminates the complicated information that gets in the way. It includes expert definitions and helpful examples of what is really needed in writing with professional scholarship and a literary sensibility from an author who has taught English 101 and English 102 classes in college for over 15 years. *Writing Made Easy: Just the Basics* is the culmination of Timothy Sharkey's 15-year effort to put the good information about writing into one book. *Writing Made Easy: Just the Basics* covers the following information: Grammar, Syntax, Usage, Diction, Etymology, Mechanics, abbreviations, capitalization, spelling, Agreement, Tips, past, present, and future, singular and plural, first, second, and third person, voices, Using whom correctly, Punctuation, Marks, apostrophe, brackets, colon, comma, dash, ellipsis, exclamation point, hyphen, parentheses, quotation marks, semicolon, slash, Sentences, required ingredients, sentence mistakes.
