Summative Checkpoint: Approximate Date: 1. Beginning of April through mid-April	<u>What data source(s) will be used to determine where each student is at the end of this time interval? Describe, in detail (student directions) each assessment instrument.</u> Summative Assessment: 1. Students will be given an informational text on glaciers. They will have a series of questions to answer about the information in the text. Students will then be asked to write a paragraph explaining how glaciers are influenced by human activities. 2. Students will be given an informational text about how bananas are produced and shipped to markets around the world. Students will also read a fictional text about a farm worker's experience during a growing and harvesting season. Students will answer some questions regarding each text. They will then be asked to write a paragraph about how and what affects food getting to people who live in cities. 3. Students will be given two informational texts; one about how many houses, apartments, places to live, will be needed in Colorado in the next 10 years; the other reading about the impact of shrinking open space on the habitats of native plant and animals in Colorado. Students will have a series of questions about each of the texts. They will then be asked to write a paragraph explaining the conflicting needs of humans and nature in Colorado.								
Summative Assessments & Scoring:	<u>How will each assessment instrument be scored? How will multiple scores be combined to determine whether or not a student has met the performance target? (include rubric, scoring guides etc. as well as process/chart for combining scores.)</u> Each of the writing pieces will be scored on the attached rubric. Each of the writing pieces will be of equal weight. 1. Glacier paragraph= 33% 2. Food paragraph= 33% 3.
