to lengthier textbooks on children's literature this engaging book introduces readers to the most important genres and current conversations in the field while leaving them time to read children's literature directly As school librarian and teacher certification programs become more abridged students require succinct textbooks that still provide a valuable introduction to the field Working librarians need reference books that allow them to make good selections for their collections Students and professionals will appreciate *The Children's Literature Selection Handbook K-8* because it offers a needed overview of the field while allowing for plenty of time to read children's literature Author Christie Kaaland's conversational tone speaks directly to readers and the book offers students a pathway to engage with literature directly and effectively scaffold their learning Beginning with an introduction to standard literary fiction genres including a discussion of literature trends and children's reading interests and needs the chapters turn to the most important genres fiction biography folk literature picture books informational texts poetry and graphic novels A focus on book series a deep discussion of graphic novels the inclusion of global literature and review sources for selection and information on publishers and the publishing industry set this timely book apart from others in the field Reader voices add perspective and charm This compact and engaging book is the perfect companion to the vast wealth of children's literature that future teachers and school librarians will read during their professional preparation and share with children and youth as working librarians

The Effect of Family Literacy Interventions on Children's Acquisition of Reading Monique Sénéchal, 2006 **Read!**

Read! Read! Laurie Glass, Beth Pike, Linda Peist, 2000-05-09 This book outlines a program to address a need among educators to involve parents in the process of helping their children learn to read and write Although the at risk reader is provided with supplemental support at school additional reinforcement is needed from home to maximize children's learning potential While much has been written about how parents should read aloud to their children this book goes beyond other publications by supplying the educator with a structured program that trains parents to implement a variety of techniques The authors encourage parents to truly participate in their children's literacy development armed with a knowledge of the reading process and aware of their invaluable role The chapters contain a framework of concrete information that will guide educators in the most successful way to involve and train parents Included are background knowledge and tools that professionals will need to run their own series of parent workshops Specific workshop agendas and all supporting information are presented in a manner easily adaptable for the specific needs of various education situations This book can be used by primary educators special education teachers reading specialists Reading Recovery™ leaders and teachers curriculum supervisors principals education majors in college parents who homeschool and anyone else who wants to learn how to successfully integrate parents into the development of children's literacy *Handbook of Research on Children's and Young Adult Literature* Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This landmark volume is the first to bring together leading scholarship on children's and young adult literature from three intersecting disciplines

Education English and Library and Information Science Distinguished by its multidisciplinary approach it describes and analyzes the different aspects of literary reading texts and contexts to illuminate how the book is transformed within and across different academic figurations of reading and interpreting children's literature Part one considers perspectives on readers and reading literature in home school library and community settings Part two introduces analytic frames for studying young adult novels picturebooks indigenous literature graphic novels and other genres Chapters include commentary on literary experiences and creative production from renowned authors and illustrators Part three focuses on the social contexts of literary study with chapters on censorship awards marketing and literary museums The singular contribution of this Handbook is to lay the groundwork for colleagues across disciplines to redraw the map of their separately figured worlds thus to enlarge the scope of scholarship and dialogue as well as push ahead into uncharted territory

Early Childhood Education Petr G. Grotewell, Yanus R. Burton, 2008 This book focuses on early childhood education which spans the human life from birth to age 8 Infants and toddlers experience life more holistically than any other age group Social emotional cognitive language and physical lessons are not learned separately by very young children Adults who are most helpful to young children interact in ways that understand that the child is learning from the whole experience not just that part of the experience to which the adult gives attention Although early childhood education does not have to occur in the absence of the parent or primary caregiver this term is sometimes used to denote education by someone other than these the parent or primary caregiver Both research in the field and early childhood educators view the parents as an integral part of the early childhood education process Early childhood education takes many forms depending on the theoretical and educational beliefs of the educator or parent Other terms that is often used interchangeably with early childhood education are early childhood learning early care and early education Much of the first two years of life are spent in the creation of a child's first sense of self or the building of a first identity Because this is a crucial part of children's makeup how they first see themselves how they think they should function how they expect others to function in relation to them early care must ensure that in addition to carefully selected and trained caregivers links with family home culture and home language are a central part of program policy If care becomes a substitute for rather than a support of family children may develop a less than positive sense of who they are and where they come from because of their child care experience
