Mark has been written about Guy McCubbin's immense influence
on California history, and on history beyond California's
borders—and rightly so. But the subject of this book, the man who
gave and gave back to California, has been Guy McCubbin's story
of others. Guy was well positioned to maximize his influence
during the inception of new history in California in the 1940s and
1950s. While others have given and given and had major influence
on the nation, Guy has devoted himself to the study and preservation
of these birds and beyond all others. Guy was in the line of the
founding members of the California Bird Society (CABS), and
he has remained a driving force of the Committee and more. Members
of the CABS, past and present, proudly dedicate this book to
Guy, and wish him many more successful years.
