the Perplexed Wolfgang Vondey, 2012-12-18 Pentecostalism is the fastest growing religious movement of our time The
unexpected birth of the modern day Pentecostal movement at the doorsteps of the twentieth century is as perplexing as its
continuing existence and unprecedented expansion worldwide Once marginalized from public discourse Pentecostals have
entered into mainstream culture religion politics academia and social action However the unprecedented growth of
Pentecostalism in all its diversity has led to characterizations ripe with platitudes stereotypes and misrepresentations This
Guide for the Perplexed sheds light on the most persistent contrasts characterizing the Pentecostal movement the tension
between local manifestations and global Pentecostalism the inconsistency between spiritual discernment and charismatic
excess the gap between rampant denominationalism and the pursuit of Christian unity the disparity between poverty among
many Pentecostals and the popularity of the prosperity gospel the division between Oneness Pentecostals and their
trinitarian counterparts and the worldview of Pentecostals beyond the confines of a religious movement Those tensions form
the essence of global Pentecostalism and represent the emergence of a global Christian world **National Library of**
