**Gladius** Guy de la Bédoyère, 2020-12-04 This encyclopedic volume collects pretty much every fact known about what it was like to be in the military arm of the Roman Empire The New York Times Book Review The Roman army was the greatest fighting machine in the ancient world It was also the single largest organization in Western antiquity taking in members from all classes from senators to freed slaves The Roman Empire depended on its army not just to win wars defend its frontiers and control the seas but to act as the very engine of the state In *Gladius* the Latin word for sword Guy De la Bédoyère reveals what it meant to be a soldier in the army that made the empire Surveying numerous aspects of Roman military life between 264 BCE and 337 CE De la Bédoyère draws not only on the words of famed Roman historians but also those of the soldiers themselves as recorded in their religious dedications tombstones and even private letters and graffiti He vividly recreates their everyday lives whether in a bleak frontier garrison in Britain or North Africa guarding the emperor in Rome fighting on foreign battlefields mutinying over pay marching in triumph throwing their weight around on city streets or enjoying honorable retirement By illuminating the history of one organization that reflected all corners of the Roman world *Gladius* gives us a portrait of an ancient society that is unprecedented in both its broad sweep and gritty intimacy **Roman**

**Legionaries** Simon Elliott, 2020-01-10 A concise and entertaining history of the Roman legionary from the age of Augustus through the heyday of the Roman Empire The might of Rome rested on the back of its legions the superbly trained and equipped fighting force with which the imperial Roman army conquered subdued and ruled an empire for centuries The legionary soldier served for 20 years was rigorously trained highly equipped and motivated by pay bonuses and a strong sense of identity and camaraderie Legionaries wore full body armor and carried a shield as well as two javelins a sword and a dagger In battle they hurled their javelins and then immediately drew their swords and charged to close combat with the enemy They were the finest heavy infantrymen of antiquity and a massed legionary charge was a fearsome sight In *The Roman Legionaries* Simon Elliott author of *Julius Caesar Rome's Greatest Warlord* provides an introduction to these elite soldiers including their training tactics weapons the men themselves life on and off the battlefield as well as significant triumphs and disasters in the great battles of the era *Roman Military Architecture on the Frontiers* Rob Collins, Matt

Symonds, Meike Weber, 2015-11-30 The Roman army was one of the most astounding organizations in the ancient world and much of the success of the Roman empire can be attributed to its soldiers Archaeological remains and ancient texts provide detailed testimonies that have allowed scholars to understand and reconstruct the army's organization and activities This interest has traditionally worked in tandem with the study of Roman frontiers Historically the early imperial period and in particular the emergence of the frontiers has been the focus of research During those investigations however the remains of the later Roman army were also frequently encountered if not always understood Recent decades have brought a burgeoning interest in not only the later Roman army but also late antiquity more widely It is the aim of this volume to demonstrate that

while scholars grappling with the late Roman army may want for a rich corpus of inscriptions and easily identifiable military installations research is revealing a dynamic less predictable force that was adapting to a changing world in terms of both external threats and its own internal structures The dynamism and ingenuity of the late Roman army provides a breath of fresh air after the suffocating uniformity of its forbears The late Roman army was a vital and influential element in the late antique empire Having evolved through the 3rd century and been formally reorganized under Diocletian and Constantine the *limitanei* guarded the frontiers while the *comitatenses* provided mobile armies that were fielded against external enemies and internal threats The transformation of the early imperial army to the late antique army is documented in the rich array of texts from the period supplemented by a perhaps surprisingly rich archaeological record **Romans at War** Simon

Elliott, 2020-11-25 A comprehensive guide to this remarkable ancient fighting force Groundbreaking insights into the Roman military sumptuously illustrated Love Reading The Roman military machine was pre eminent in ancient times projecting power across the known world over a vast chronology and an increasingly huge and diverse geography One of the most powerful instruments of war in the history of conflict it proved uniquely adept at learning from setbacks always coming back the stronger for it In so doing it displayed two of the most important traits associated with the world of Rome Firstly grit that key ability to remain steadfast and to overcome adversity even in the most challenging of circumstances as faced for example by the Republic in the Second Punic War against Hannibal Secondly the ability to copy the successful technical and tactical innovations of their enemies enabling the Roman military to always stay one step ahead of its opponents on campaign and in battle In this grand tour covering every aspect of the Roman military leading expert Dr Simon Elliott first provides a detailed background to the Roman Republic and Empire to provide context for all that follows He then looks specifically at the Roman military in its three key chronological phases the Republic the Principate Empire and the Dominate Empire Next he forensically examines specific instances of the Roman military on campaign and in battle and of its engineering prowess Finally he investigates the many enemies faced by the Roman Republic and Empire This all provides a firm structure to enable the reader to come to grips with this incredible military machine one whose exploits still resonate in the world to this very day

**Usages of the Past in Roman Historiography**, 2021-01-18 Usages of the Past in Roman Historiography contains 11 articles on how the Ancient Roman historians used and manipulated the past What did they seek to accomplish by participating in its re creation what tools did they have at their disposal to do so and which underlying conceptualisations of history can we glimpse behind their efforts Key themes include the impact of the transformation from Republic to Empire on the production of history the nature of intertextuality in historical writing and the frontiers between history and other literary genres The volume edited by Aske Damtoft Poulsen and Arne J nsson encompasses diverse approaches to the study of Roman history and historiography with contributors from the UK US Sweden Germany Denmark and Italy **Early**

**Imperial Romans** Andy Singleton, 2019-11-30 A professional figure painter s guide to re creating the legions of the Roman

Empire Andy Singleton has been modeling and painting most of his life and has been a professional commission figure painter for some years now In this book he shares his experience and tips of the trade with those collecting Early Imperial Romans The emphasis is on achievable results and practical advice that is applicable to painting units or whole armies for wargaming purposes in a reasonable time frame not on spectacular individual display pieces Most of the figures featured in the numerous illustrations are either 28 or 25mm but the techniques described are easily adaptable to smaller sizes and both plastic and metal figures are covered Clear step by step guidance takes you through the process from the initial preparation and assembly of the figure to finishing and basing Themed chapters cover armor weapons and equipment clothing skin tones shields and horses All together it contains all the help you need to recreate your own legions of this most iconic army of ancient history     *Tex Rickard* Colleen Aycock, Mark Scott, 2014-01-10 Whether opening saloons raising cattle or promoting sporting events George Lewis Tex Rickard 1870 1929 possessed a drive to be the best After an early career as a cowboy and Texas sheriff Rickard pioneered the largest ranch in South America built a series of profitable saloons in the Klondike and Nevada gold rushes and turned boxing into a million dollar sport As the Father of Madison Square Garden he promoted over 200 fights including some of the most notable of the 20th century the Longest Fight the Great White Hope fight and the famous Long Count fight Along the way he rubbed shoulders with some of history s most renowned figures including Teddy Roosevelt Wyatt Earp Bat Masterson John Ringling Jack Dempsey and Gene Tunney This detailed biography chronicles Rickard s colorful life and his critical role in the evolution of boxing from a minor sport to a modern spectacle     *The Island of Avalon: Volume 1* Francis Lot, 2015-06-12 La matiere de Bretagne is a name given collectively to the body of medieval literature and legendary material associated with Great Britain especially King Arthur and his knights and their association to the Grail It is the link between the Grail stories and the legends of both King Arthur and Joseph of Arimathea and their connection to Glastonbury the Island of Avalon which is central to this investigation The legend of King Arthur at Glastonbury is primarily derived from Geoffrey of Monmouth s mention of King Arthur s arrival at the Island of Avalon after his fatal fight with Mordred It is the later bogus disinterment of King Arthur s manufactured grave at Glastonbury which establishes Glastonbury s synonymy with Avalon This volume sets out to show how the abbot of Glastonbury Henry Blois used Geoffrey of Monmouth as a nom de plume and concocted the epic tale from Brutus to Arthur which is now known as the History of the Kings of Britain and was responsible for composing the Prophecies of Merlin     **SOMA 2003** Camilla Briault, 2005 32 papers from the Symposium on Mediterranean Archaeology held at the Institute of Archaeology London in 2003     **SOMA ...** , 2003     *Spiritual Warfare* Conrad Riker, 101-01-01 UNMASK THE FEMINIST DECEIT DESTROYING WESTERN MEN RECLAIM YOUR GOD GIVEN STRENGTH Still reeling from female betrayal Crushed by leftist lies labeling your masculinity toxic Sick of a culture that strips your honor while empowering predators This book arms you with the unflinching logic and spiritual artillery to Awaken to the biological warfare waged against rational men Arm yourself with forgotten trivium tactics

to dissect enemy propaganda Expose feminism s cruelty through evolutionary truth bombs Reclaim sovereignty over mind body and civilization Destroy cultural Marxism using Aquinas level rhetoric Revive transcendentalists that built cathedrals not safe spaces Shatter the gynocentric spell rotting society s foundations Reforge your soul in the fire of Schopenhauer s redpill rage If you want to reclaim your birthright as guardian of truth in this woke Babylon buy this book today [A Rage to Conquer](#) Michael Walsh,2025-01-28 Award winning author Michael Walsh looks at twelve momentous battles that changed the course of Western history A sequel to Michael Walsh s Last Stands his new book A Rage to Conquer is a journey through the twelve of the most important battles in Western history As Walsh sees it war is an important facet of every culture and for better or worse our world is unthinkable without it War has been an essential part of the human condition throughout history the principal agent of societal change waged by men on behalf of and in pursuit of their gods women riches power and the sheer joy of combat In A Rage to Conquer Walsh brings history to life as he considers a group of courageous commanders and the battles they waged that became crucial to the course of Western history He looks first at Carl Von Clausewitz the seminal thinker in the Western canon dealing with war He then moves on to Achilles at Ilium Alexander at Gaugamela Caesar at Alesia Constantine at the Milvian Bridge Aetius at the Catalaunian Plains Bohemond at Dorylaeum and Antioch Napoleon at Austerlitz Pershing at St Mihiel Nimitz at Midway and Patton at the Bulge with a final consideration of how the Battle of 9 11 was ultimately lost by the U S and what that portends for the future *Pirates* Philip Steele,1999 Discusses when and where pirates typically lived and what their activities were *Webster's New International Dictionary of the English Language, Based on the International Dictionary 1890 and 1900* William Torrey Harris,Frederic Sturges Allen,1911

[Webster's New International Dictionary of the English Language](#) Noah Webster,1913 **New International Dictionary** ,1920 **R.P. Corn. Cornelii a Lapide e Societate Iesu, ...In Ecclesiasten commentarius. Indicibus locorum Sacrae Scripturae rerum & verborum instructus** Cornelius : a Lapide,1639 *The Gladius* M.C. Bishop,2016-11-17 One of the most feared weapons in the ancient world the gladius was lethal both on the battlefield and in the arena Literary sources tell of the terror it inspired while archaeological evidence of wounds inflicted is testament to its deadly effect By pulling together strands of literary sculptural and archaeological evidence renowned expert M C Bishop creates a narrative of the gladius development exploring the way in which the shape of the short sword changed as soldiers and gladiators evolved their fighting style Drawing together historical accounts excavated artefacts and the results of the latest scientific analyses of the blades this volume reveals the development technology training and use of the gladius hispaniensis the sword that conquered the Mediterranean **The Roman Gladius and the Ancient Fighting Techniques** Fabrizio Casprini,Marco Saliola,2023-01-06 The backbone of the Roman army was the infantry armed with a javelin or pilum and sword or gladius This study investigates not just the weapon itself and its design and manufacture but how the sword was originally conceived and how it was employed on the battlefield as an expression of the Roman state The authors start examining the early swords

employed across the Italian Peninsula during the Bronze Age and how these evolved into the gladius which itself changed in the period of Monarchy with the introduction of the cross hilt During Rome s Consular period the gladius changed again and over time both the length of the blade and its width were altered Relying exclusively on historical and archaeological evidence The Roman Gladius and the Ancient Fighting Techniques shows how the Roman army developed into a highly disciplined body and how fundamental the gladius was to its method of fighting It also shows how the combat techniques of the Romans evolved as did those of their enemies The training methods and tactics of the Roman infantry are fully explored and its performance at some of the great battles of the monarchical and consular periods are examined as the area under Roman rule fluctuated with victory or defeat For the Roman people the gladius was the object that better than any other showed their identity since it was a weapon that accompanied the history of the Roman people from its earliest days changing in shape and design as it was adapted to the varying social political and military needs The Roman Gladius and the Ancient Fighting Techniques is the most comprehensive study of this hugely important weapon which also provides the reader with a complete overview of Roman society which in this first volume is treated until the end of the Consular period The book is richly illustrated throughout with drawings and photographs of original weapons and equipment     The Development of the Roman Gladius Louise W. Neill,1964
