Excerpt from Saint Bernard on Consideration It was a time too of political movement Arnold of Brescia a disciple of Abelard but more famous for his political heresy not only preached reform in the Church but threw Rome into convulsions by proclaiming a d 1143 a Republic He presumed to quote the declaration of Christ that His kingdom is not of this world he boldly maintained that the sword and the sceptre were intrusted to the civil magistrate that temporal honours and possessions were law fully vested in secular persons that the abbots the bishops and the Pope himself must renounce either their state or their salvation and that after the loss of their revenues the voluntary tithes and oblations of the faithful would suffice not indeed for luxury and avarice but for a frugal life in the exercise of spiritual labours 3 The terror of successive popes he was hanged burnt and his ashes cast into the Tiber a d 1155 only two years after Bernard s death The saint s advice to the Pope more than once recalls the teaching tone and temper of Arnold About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **St.**
