

Revelation By Liz Lochhead Poetry Analysis

The opening lines of the poem initiate the main themes: "Black bull" introduces one of the themes which are gender stereotyping. This suggests the bull is powerful, strong and very angry. Females are then introduced in the poem, "eggs and milk". This suggests females are pale, delicate and easily broken. The poet highlights the theme of stereotypes by placing "black bull" above "eggs and milk". This is to effectively state that the black bull is on top of eggs and milk which emphasises on the importance of gender stereotyping.

The second theme is introduced which is innocence and experience. "They call him Bob – as though perhaps you could reduce a monster with the charm of a friendly name". Tone here is cynical. The bull has been given a cheery, friendly name which is a irrelevant name for the harsh animal. The key words of the quote are "monster" and "friendly". This is a very striking contrast between the idea of the name Bob being friendly, cheery and approachable, but in actual fact behind the cheery name lays a monster. The quote, "at the threshold of his outhouse", is the turning point in the story.

This is a symbolic quote that states you must go over a line before starting a new life. In the poem a young girl is standing in the area between safety and danger. The line is significant as the pause creates a series of tension building up to a sense of danger. The girl's initial perceptions of the creature are conveyed in, "At first only black, and the hot reek of him..." The girl's sensory impressions of the bull are that the word "black" represents danger. The words "hot reek" represents the smell and stench of the bull.

Her over all sensory impression is the smell of the bulls pungent aroma that is its natural smell and the limited sight gives her a sense of the unknown danger. The poet continues to reference the main theme of gender stereotyping by developing it, "We was immense". This quote highlights masculinity and power. It shows that males are bigger, more powerful and the dominate gender. The theme of innocence and experience is also developed, and the bull and the girl are compared to each other. The girl is full of fear and innocence. She is extremely intimidated by the bulls presence.

The poet powerfully, reinforces the contrasting thematic dichotomies suggested in verse one. In the first instance this is done by including details in verse two which contract with details from the first verse. The poet has reinforced the theme of innocence and experience as he shows that the bull knows he is restrained. Also reinforces the theme of gender stereotyping – girl and boy. This is done as it is dark and the girl cannot see what the bull is doing, whilst the girl is unaware of this, the bull is trying to break free from where he is chained up too.

The poet condenses the contrast by highlighting them in a few lines of verse two. "I had always

Liz Lochhead's Voices Robert Crawford, 2019-06-01 No detailed description available for Liz Lochhead's *Voices*

Edinburgh Companion to Liz Lochhead Anne Varty, 2013-03-14 Explores the significance of Liz Lochhead's work for the twenty-first century. The first contemporary critical investigation since Liz Lochhead's appointment as Scotland's second Scots Makar, this Companion examines her poetry, theatre, visual and performing arts, and broadcast media. It also discusses her theatre for children and young people, her translations for the stage, as well as translations of her texts into foreign languages and cultures. Several poets offer commentaries on the influence of Liz Lochhead on their own practice, while academic critics from America, Europe, England, and Scotland offer new critical readings inspired by feminism, post-colonialism, and cultural history. The volume addresses all of Lochhead's major outputs, from a new appraisal of early work such as *Dreaming*, *Frankenstein*, and *Blood and Ice* to evaluations of her more recent works and collections such as *The Colour of Black and White* and *Perfect Days*. **Biofictions** Martin Middeke, Werner Huber, 1999 *Biofictions* sets out to explore this renewed interest in Romantic artist figures in the context of the current renaissance of life writing. *Contemporary British Poetry* James Acheson, Romana Huk, 1996-01-01 This collection of original essays focuses on new and continuing movements in British Poetry. It offers a wide-ranging look at feminist, working-class, and other poets of diverse cultural backgrounds.

Poetry Off the Page Laura Severin, 2017-03-02 This study examines the performed poetry of Charlotte Mew, Anna Wickham, Edith Sitwell, Stevie Smith, Liz Lochhead, and Jackie Kay as an alternative radical tradition of British poetry developed to convey women's experience. Through a historical treatment in which the poets are discussed in pairs, the chapters trace how these six women used a performative poetry to deal with difficulties regarding women's representation: from simply presenting difference in the case of Mew and Wickham to deconstructing difference in the case of Sitwell and Smith to avoiding the recapture of cultural imagery in the case of Lochhead and Kay. Laura Severin claims that twentieth-century British women poets have been neglected by both feminist and more traditional literary critics because they cannot be read within available literary frameworks. Feminist criticism, in particular, has overlooked the value of other poetic ancestries by locating the only radical tradition of modern poetry in fractured form. At least one alternative radical tradition can be found in a narrative and performed poetry that maximizes its transgressive potential with multiple framing devices. Though a female poet always experiences difficulty in controlling both cultural imagery and her own public presentation, these framing devices work together both to deconstruct the essentialized category of woman and to recover the multiplicity of women's experience. **The Mainstream Companion to Scottish Literature** Trevor Royle, 2012-01-06 *The Mainstream Companion to Scottish Literature* is the most comprehensive reference guide to Scotland's literature, covering a period from the earliest times to the early 1990s. Thus, as well as such major

writers as Robert Henryson William Dunbar Gavin Douglas Allan Ramsay Robert Fergusson Robert Burns Walter Scott Robert Louis Stevenson and Hugh MacDiarmid the Companion also lists many minor writers whose work might otherwise have been overlooked in any survey of Scottish literature Also included here are entries on the lives of other more peripheral writers such as historians philosophers diarists and divines whose work has made a contribution to Scottish letters Other essays range over such general subjects as the principal work of major writers literary movements historical events the world of printing and publishing folklore journalism drama and Gaelic A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader Scottish Literary Journal ,1992
