Setswana Paper 3 June 2015:

Industrialization and Assimilation Elliott D. Green, 2022-12-22 This book explains why industrialization is the most important factor driving assimilation and ethnic change in the modern world

The Oxford Guide to the Atlantic Languages of West Africa Friederike Lüpke, 2025-06-17 This volume presents the first book length overview of the Atlantic languages a small family of languages spoken mainly on the Atlantic coast of West Africa Languages in this area have been used in diverse multilingual societies with intense language contact for the whole of their known history and their genealogical relatedness and the impact of language contact on their lexicon and grammar have been widely debated The book is divided into four parts The first provides an introduction to language ecologies in the area and includes two accounts of the genealogical classification of Atlantic languages Chapters in the second part offer grammatical overviews of individual languages including the most important non Atlantic contact languages Casamance Creole and Mandinka while the third part explores Atlantic languages from a typological perspective with chapters that explore formal and semantic aspects of their nominal classification systems nominalization strategies their rich system of verbal extensions and the stem initial consonant mutation that is attested in a subset of languages The final part of the book investigates Atlantic languages in their social environments including the creation of creole identities secret languages Ajami writing practices language acquisition the spread and use of Fula as a lingua franca digital language practices and language ideologies The volume is an essential tool for linguists interested in the languages of West Africa language history and classification patterns of language use in Atlantic societies and typology and language contact more broadly

The Bible and Gender-based Violence in Botswana Mmapula Diana Kebaneilwe, 2024-04-01 The Bible and Gender based Violence in Botswana foregrounds the rampancy of gender based violence against women and girls in biblical texts and how it resonates with gender based violence GBV in the author s contemporary context of Botswana The volume reads selected texts from the Bible alongside newspaper reports of GBV against women and girls in Botswana to show that while the Bible is taken as an authoritative text within the Botswana context it is riddled with GBV against female persons It asserts that by acknowledging and naming GBV in biblical texts and not concealing ignoring or spiritualizing it contemporary communities of faith will be able to confront the problem in these contexts By so doing the book argues the Bible will become a resource for positive transformation rather than a tool for supporting gender injustice The book appeals to everyone willing to see positive change in regard to gender in equality and is intended for a wide readership including researchers postgraduates church and other representatives of religious institutions and upper level undergraduates

Communicating Across Cultures and Languages in the Health Care Setting Claire Penn, Jennifer Watermeyer, 2017-12-16 This book offers a novel approach to understanding the complexities of communication in culturally and linguistically diverse health care contexts It marks the culmination of two decades of research in South Africa a context that has obvious application in a wider international climate given current globalization

and migration trends The authors draw from a large body of evidence based across different sites and illnesses scrutinising both the language dynamics of intercultural health interactions and the perceptions and narratives of multiple participants Including a range of theoretical methodological and empirical considerations the volume sheds light upon qualitative research methods and their application in the intercultural context This book will be a valuable resource for health professionals medical educators and language practitioners as well as students and scholars of discourse analysis and the medical humanities

The Oxford Guide to the Bantu Languages Lutz Marten, Ellen Hurst-Harosh, Nancy C. Kula, Jochen Zeller, 2025-08-19 This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world's biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich evidence for the study of theoretical and comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of The Oxford Guide to the Bantu Languages provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly

Cognitive Science Jay Friedenberg, Gordon Silverman, 2015-09-23 Cognitive Science provides a comprehensive introduction to the field from multiple perspectives to help readers better understand and answer questions about the mysteries of the mind In each chapter the authors focus on a particular area in cognitive science exploring methodologies theoretical perspectives and findings then offering the critical evaluations and conclusions drawn from them Substantially updated with new and expanded content the Third Edition reflects the latest research in this rapidly evolving field
