may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. The anonymous statistic shows that over 70% of people between age 30-50 are unhappy about their intimate relationship. What are the reasons? The most commonly mentioned reasons are: It got boring over the years, my partner no longer attracts me, after children we no longer come together, it just became the same every time. And when people were asked what they did to change it, the usual answer was nothing. The purpose of this book is not to do something; this book will be your final guide to your sexual life improvement with direct strategies and a lot of visual and verbal advice. Take a look at only a few things you will get out of this book: Over 150 different sex positions, A complete detailed description next to each one, Positions for all levels and abilities (easy, medium, hard), How to use language to attract your partner, Complete Dirty Talk advice list, Things you should avoid during sex, Most common language using mistakes, The language of sex is also as important as the new poses you should be using every time. In a book, there is also a guide that will explain what phrases and words you should use before, during, and after sex when you have to stay silent and so on. Talk is a specific thing that can improve your intimate relationship as well as make it worse. What about younger people? Should I buy this book if I am less than 30 years old? Is this book more for men or women? Can we discuss it with my partner and both use this book? This book is perfect for people of any age. Younger people have a smaller percentage of unhappiness in their intimate relationships but usually that is because they change partners more often than older people. As long as the person chooses a partner for life, it is mandatory to improve their relationship constantly. This book is for both male and female, and I also advise to use it together with your partner in order to get even faster and greater results. I think you don't need to spend any more time here. Now it is time to take it and use it to the best to your advantage. Scroll up, click on Buy Now, and start learning. [Couples Sex Guide](#)
