**Maid to Queer** Francisca Yuenki Lai, 2021-11-03 Maid to Queer is the first book about Asian female migrant workers who develop same sex relationships in a host city Based on participant observation and in depth interviews with Indonesian domestic workers in Hong Kong the book explores the meanings of same sex relationships to these migrant women Instead of searching for reasons to explain why they engage in a same sex relationship this book provides an ethnographic perspective by addressing their Sunday activities and considering how migration policies and the practices of Hong Kong people unintentionally produce alternative sexuality and desires for them The author contrasts the migrant experiences of same sex relationships with the Western discourse that individuals carry a strong sense of sexual identification prior to migration same sex desires among Indonesian domestic workers are often not realized until they leave home Addressing the changes from maid to queer this book documents the intersections of domestic work labor migration race and religion on the sexual subject formation specifically how Indonesian women negotiate heteronormativity and remake a space for their love sex and intimacy For those interested in lesbian studies Asian labor migration sexual citizenship and queer migration this ethnography fills an important gap in explaining how the feminization of international migration and the constraints imposed on live in domestic workers unintentionally

become productive possibilities of queerness and normativity Maid to Queer combines insights from migration studies with those of LGBT studies contributing to both It examines the sexual subjectivities and shifting sexualities of these domestic workers in relation to both migrant labor policies and the anxieties and practices of their employers in Hong Kong Lai's book is very enticing to read Saskia Wieringa University of Amsterdam This is the first book I know of exploring sexuality among domestic workers Lai shows that sexuality is relative to both imagination and opportunity and that it can change over time Women may desire women or they may not context shapes this desire and how this desire plays out Sharyn Davies Monash University

Moral Issues Paul Goren, Christopher Chapp, 2024-12-13 A new perspective on how beliefs about abortion and gay rights reshaped American politics Many believe that religious and partisan identities undergird American public opinion However when it comes to abortion and gay rights the reverse may be closer to the truth Drawing on wide ranging evidence Paul Goren and Christopher Chapp show that views on abortion and gay rights are just as durable and politically impactful and often more so than political and religious identities Goren and Chapp locate the lasting strength of stances on abortion and gay rights in the automatic visceral emotions that the media has primed since the late 1980s Moral Issues examines how attitudes toward these moralized issues affect and can sometimes even disrupt religious and partisan identities Indeed over the last thirty years these attitudes have accelerated the rise of the religious nones who have no religious affiliation and promoted moral sorting into the Democratic and Republican parties
