perceptive account of pregnancy and early motherhood and a stylish confrontation with the demented landscape of digital parenting content Anna Wiener author of *Uncanny Valley* As an internet culture critic for *The New York Times* Amanda Hess had built a reputation among readers as a sharp observer of the seductions and manipulations of online life But when Hess discovered she was pregnant with her first child she found herself unexpectedly rattled by a digital identity crisis of her own In the summer of 2020 a routine ultrasound detected a mysterious abnormality in Hess's baby Without hesitation she reached for her phone looking for answers But rather than allaying her anxieties her search sucked her into the destabilizing morass of the internet and she was vulnerable more than ever to conspiracy myth judgment commerce and obsession As Hess documents her escalating relationship with the digital world she identifies how technologies act as portals to troubling ideologies ethical conflicts and existential questions and she illuminates how the American traditions of eugenics surveillance and hyper individualism are recycled through these shiny products for a new generation of parents and their children At once funny heartbreaking and surreal *Second Life* is a journey that spans a network of fertility apps prenatal genetic tests gender reveal videos rare disease Facebook groups freebirth influencers and hospital reality shows Hess confronts technology's distortions as they follow her through pregnancy and into her son's early life The result is a critical record of our digital age that reveals the unspoken ways our lives are being fractured and reconstituted by technology
