## **Restorative Nursing Documentation Examples:**

**Restorative Care Nursing for Older Adults** Barbara Resnick, 2004-07-28 The purpose of restorative care nursing is to take an active role in helping older adults maintain their highest level of function thus preventing excess disability This book was written to help formal and informal caregivers and administrators at all levels to understand the basic philosophy of restorative care and be able to develop and implement successful restorative care programs The book provides a complete 6 week education program in restorative care for caregivers many suggestions for suitable activities and practical strategies for motivating both older adults and caregivers to engage in restorative care In addition the book provides an overview of the requirements for restorative care across all settings the necessary documentation and ways in which to complete that documentation

**The Long-Term Care Restorative Nursing Desk Reference** Barbara Acello, 2009-08-18 The Long Term Care Restorative Nursing Desk Reference is a new all inclusive desk reference that describes the clinical aspects of restorative nursing in detail and provides a much needed guide for nurses in a long term care facility This book offers the help you need to create or sustain an effective restorative care program that puts your resident s needs first

**Restorative Care Nursing for Older Adults** Elizabeth Galik, Ingrid Pretzer-Aboff, 2011-12-05 Named a 2013 Doody s Essential Purchase This is a terrific text with good basic information and a level of detail tools and practicality that make it a useful resource to get older adults mobilized in any setting The Gerontologist This book provides a practical hands on perspective for implementing function focused care in all settings It is a unique resource that is relevant for all nurses and health care providers working with older adults In addition to addressing functional decline function focused care provides a fresh and practical solution to many of the problems that tend to arise with older adults such as infections falls and pressure ulcers all known to be associated with immobility From the Foreword by Colin Milner CEO International Council on Active Aging This book encourages individualization which is difficult to achieve with more prescriptive approaches This second edition includes chapters on cognitively impaired adults ethical issues and patient centered care all of which are so important in long term care I found it to be very motivating in the way it helped me apply the philosophy and strategies to elders with whom I come in contact I would highly recommend this book to anyone working with elders Score 95 4 Stars Doody s Medical Reviews The purpose of restorative care nursing often referred to as function focused care is to take an active role in helping older adults maintain their highest level of function thereby preventing excess disability This is the only volume to educate caregivers about both the philosophy of restorative care and how to integrate it into all care settings for older adults Now in its second edition the text contains updated content in each chapter along with two entirely new chapters on function focused care for cognitively impaired adults ethical issues and patient centered care The book provides a complete six week education program in restorative care for nurses and other caregivers numerous practical suggestions for beneficial activities that will enhance function and strategies for motivating both older adults and caregivers to engage in restorative

care Woven throughout the text is research that documents the benefits and expected outcomes of restorative care The book also includes the requirements for restorative care across all settings and the necessary documentation Restorative Care Nursing for Older Adults will help formal and informal caregivers and administrators at all levels assimilate the philosophy of restorative care and be able to develop and implement successful restorative care programs This New Edition Features Completely updated information including two new chapters on function focused care for cognitively impaired adults ethical issues and patient centered care A six week education program that teaches practical application of restorative care nursing Helpful suggestions and strategies for motivating older adults and caregivers Education materials designed for nursing home assisted living and acute care settings including required documentation and goal setting forms Educational materials for family caregivers
