Footsteps of My Soul Frances Munro,2006 *Footsteps of My Soul* is a powerfully spiritual book with very practical underpinning It is based on some of Jesus writings which have been channelled through Frances Munro since the Son of God stepped in as her spiritual guide on the 9th May 1999 His main concerns are that the world is being poisoned through waste

it is vulnerable to the power of modern weaponry and that many developed societies are now so involved in their materialistic futures that they have lost sight of spiritual values and the richness of God within their lives He reminds Frances that the pathway she chose long ago involves starting a movement that will begin the process of restoring spiritual values to the world and halt environmental damage so that the Earth is fit for future generations He also states clearly that he is here to help those in need His words emphasise the urgency and importance of the work and although the writings are in an older tongue there are also clear accounts of each The book is in two parts A Learning Step and Respect Early on Frances tells how her materialistic path ended in crisis and caused her to rethink her life culminating in the work she has undertaken with Jesus She then illustrates how simple use of the wisdom and knowledge we are given empowers us all to make positive changes in life The second part of the book deals with the effects of a loss of respect in the world These chapters cover the subjects of politicians the environment the press religion families communities and our own spiritual needs Frances reminds us that we control the destiny of our world and asks us to work with her in the Footsteps Movement with Jesus guidance to begin the healing process
